MARLINS PARK

Marlins Park is a state-of-the-art retractable roof ballpark located in the heart of Miami. The ballpark, which is fewer than two miles from downtown Miami, features unobstructed views of Miami's skyline made possible by six operable glass panels and has a capacity of 37,446. Conceived as an abstraction of "water merging with land", symbolic of Miami's coastal landscape, Marlins Park offers fans the most incredible baseball experience where beauty and baseball merge.

The ballpark replaced the legacy of the memorable Orange Bowl in Little Havana, continuing a legendary 77-year history of football, baseball, soccer, public events and major concerts attended by tens of millions of fans. Situated on the same footprint, the home of the Marlins is a first-class ballpark, constructed on approximately 17 acres of the historic 42-acre Orange Bowl site.

TRANSPORTATION AND PARKING

Transportation to Marlins Park includes the Civic Center Metrorail Station and Culmer Metrorail station, Tri-rail - Metrorail transfer and the City of Miami Trolley Service. Also, fans can park anywhere along the Miami-Dade Metrorail system, exit at Culmer Station and enjoy the dedicated Express Shuttle to Marlins Park. There is also pedestrian access, bicycle routes, taxi and limousine access, bridge opening regulations to alleviate traffic, civic center parking and group bus parking.

Marlins Park also features four state-of-the-art parking facilities with a capacity of 4,700 vehicles. The parking garages are managed by the City of Miami. The parking garages are located along first base, third base, home plate and center field, which render their names. Garage parking pricing is dynamic. In addition to garage parking, there are 1,000 parking spaces in surface lots to the east and west of the ballpark. A majority of season ticket packages come with a reserved parking space right next door to the ballpark. Fans purchasing single-game tickets may also purchase parking in a garage based on availability.

CLIMATE

The Marlins are committed to offering fans the best baseball experience and that starts with keeping a cool environment, literally. The state-of-the-art retractable roof ensures that Marlins fans never again have to worry about the unpredictable Miami weather. The roof and air conditioning provide a cool, comfortable environment every day.

CONCOURSE OF ACTION

The ballpark features an open 360-degree Promenade Level, giving fans a live view of the playing field no matter where they are. The Taste of Miami concession stands, provided by Levy Restaurants, features Don Camaron, Mama Choa and Latin American Grill, and provides specialty items, including seafood, pork sandwiches and Cuban sandwiches. This area is located on the Promenade Level on the third base side, looking out at Miami's skyline. Levy Restaurants is the official concessionaire partner of the Marlins, welcoming each fan with world-class food and heartfelt hospitality. Marlins Park also contains accessible seating locations and aisle-transfer seats offering a full complement of prices, locations and amenities.

SIT CLOSER THAN EVER

Rarely have the words 'ballpark' and 'intimacy' blended so well together. Seats at Marlins Park are among the closest to the playing field in all of baseball. Every seat has been placed with only one thing in mind - to provide guests with the ultimate fan experience. You will always be comfortable, cool and close to all the action and excitement. In 2018, the Marlins expanded the netting surrounding the field to provide additional protection for fans seated along the baselines at Marlins Park. Manufactured by Dyneema, the new netting is a state-of-the-art knotless fiber that will provide exceptional protection and is purposely designed to blend into the playing surface. It is 30 percent thinner than the existing netting behind Home Plate, offering greater visibility of game action.

TIMELINE

The Marlins broke ground in July 2009 and after 33 months of construction, the team opened Marlins Park on April 4, 2012 vs. the St. Louis Cardinals. Prior to the 2012 season opener vs. St. Louis, Marlins Park hosted five exhibition games at the ballpark. The first contest took place on Monday, March 5, between local rival high schools, Belen Jesuit Preparatory School and Christopher Columbus High School. Columbus sophomore Brent Diaz made history that night, becoming the first player to hit a home run at Marlins Park. The Marlins then took the field for the first time with exhibition games against the University of Miami on March 6, Florida International University on March 7 and the New York Yankees on April 1-2.

MARLINS PARK: A VENUE LIKE NO OTHER

From intimate private parties and board meetings to large-scale corporate events, Marlins Park offers a variety of event spaces to suit any occasion inside and outside the ballpark. The left-field skyline wall is a feature unlike any other in Major League Baseball. Six (6) glass panels, towering at 60' tall by 40' wide, open to create a breathtaking view of downtown Miamir's spectacular skyline. Hosts can take their event behind-the-scenes using one of the clubhouses, batting cages or press conference rooms.

SUITE SPOTS

Marlins Park offers a variety of party suites and clubs for entertaining on an intimate or grand scale. Suite and Club capacities range from 20 to 200 guests. These suites are ideal for birthdays, anniversaries, receptions, company parties and more.

FIELD OF DREAMS

Our Major League playing field is perfect for small or large scale events such as concerts, sporting events, trade shows, job fairs, corporate galas, holiday parties and more. Hosts looking for an extra special experience will find that Marlins Park offers the perfect "field of dreams" setting against the backdrop of downtown Miami. Choose to have the roof closed for air-conditioned comfort year-round or retract the roof to enjoy the sun or stars. Plus, hosts can wow their guests by activating the Marlins Vision Scoreboard for special video presentations, followed by lunch or dinner and cocktails on the field.

PARTIES ON THE PLAZA

The one-of-a-kind architecture and tropical landscaping at Marlins Park's outdoor plazas serve as stunning settings for any outdoor event. Choose one of the plazas or surface lots for a variety of pre-event activation options as your guests arrive, or as a beautiful outdoor setting for the event itself. These areas are perfect for everything from evening galas to trade shows. The retractable roof may also be opened to offer a shaded and rain-protected setting for outdoor events on the West Plaza.

BOBBLEHEAD MUSEUM

The Bobblehead Museum display on the Promenade Level is the first of its kind in baseball and is located near Sections 14 and 15. It features a collection of current and former Marlins player bobbleheads, as well as current and past players, managers, broadcasters and mascots throughout Major League Baseball history. This display holds approximately 600 bobbleheads and regularly features new entries. The entire structure moves ever so slightly, which causes the heads to bobble. The display features an electronic bobblehead locator, making it an interactive and fan-friendly exhibit.

'GREEN' BALLPARK

Marlins Park is the first retractable-roof LEED Gold Certified facility in the world. The ballpark's environmentally friendly design incorporates conservation, sustainability and energy efficiency. During construction, the Miami Marlins recycled more than 98% of the construction waste and engaged in pollution prevention plans. The design of the ballpark and the materials selected help promote conservation, pollution prevention as well as water reduction and energy efficiency. The Marlins also engaged in an indoor air quality plan to ensure the comfort and well-being of all fans.

EVENTS AT MARLINS PARK

Marlins Park is home to much more than just baseball. During its brief existence, the ballpark has played host to a variety of diverse events.

From charity walks and concerts to football games and soccer matches, the ballpark hosts myriad of events each year that contribute immensely to the vibrant culture of Miami. On November 13, 2012, the national teams of Venezuela and Nigeria faced off in the first ever soccer match at Marlins Park. In addition, Marlins Park brought football back to the original Orange Bowl site by hosting the Miami Beach Bowl for three years, beginning in 2014.

The Taste of Miami is another signature event hosted at Marlins Park. The evening is filled with food, drinks and live entertainment that showcase the uniqueness of Miami. Other events hosted at the ballpark have included Give Miami Day, Joel Osteen, Monster Jam, La Feria de Las Americas, Grand Slam Party Latino, Tiger Direct Bash, Beck's Octoberfest and Miami Beerfest. The South Florida community has also been able to enjoy this unique facility. Bar mitzvahs and weddings have been held at the ballpark, as well as homecoming dances and graduations for local high schools. On October 14, 2017, Marlins Park hosted Somos LiVEI, a benefit concert to support disaster relief for Puerto Rico, South Florida, the Caribbean and Mexico following Hurricane Irma and a devastating earthquake in Mexico.

On February 13, 2015, Major League Baseball awarded the 2017 All-Star Game to the Miami Marlins and Marlins Park, marking the first Midsummer Classic hosted by the city of Miami. The 2017 Midsummer Classic took place on July 11, with the American League defeating the National League, 2-1, in 10 innings.

Marlins CEO Derek Jeter announces \$200,000 donation to disaster relief at Somos LIVE! on behalf of the Marlins Foundation.

ART IN PUBLIC PLACES AT MARLINS PARK

Marlins Park features five art installations that differentiate it dramatically from other ballparks in the country. This effort was part of Miami-Dade County's Art in Public Places initiative.

Miami-Dade Art in Public Places serves the community through the implementation of art installations and educational programming dedicated to enriching the public environment and to preserving and enhancing the artistic and civic pride of Miami-Dade County. Miami-Dade Art in Public Places promotes collaboration and creative art projects that improve the visual quality of public spaces. At their most successful, these public art installations can transform public spaces from ordinary civic areas to sites that can lift the spirit and connect with the community.

For more information on the art at Marlins Park, please visit www.marlins.com/marlinspark

MIAMI MARLINS COMMUNITY OUTREACH PHILOSOPHY

The Miami Marlins organization is an active member of the South Florida community. By supporting community and charitable causes, we are exercising our commitment to Corporate Social Responsibility.

Through Marlins Ayudan and outreach activities, the Marlins continuously reach beyond the walls of the ballpark to meet face-to-face with fans of all ages. Baseball is a family game, and we are committed to ensuring that the Marlins impact every member of our diverse community in a positive manner.

We are committed to building a brighter future for South Florida. With support from the Marlins Foundation, Miami Marlins Community Outreach aims to leave a lasting legacy through a focused offering of programs and initiatives.

YOUTH PROGRAMS

The foundation of every child's future is a strong mind and a strong body. Through education, the arts and baseball, the Marlins provide the tools for Florida's youth to develop both their minds and bodies in a positive manner.

EDUCATION

Marlins Think Tank

Marlins Think Tank is an online curriculum enhancement program that utilizes the Marlins as the basis for the lessons. Marlins Think Tank aims to enhance the learning experiences of children in grades 4-6 by linking baseball to the curriculum areas of language arts, mathematics, geography, health/fitness, technology, engineering and science. A unique career day component featuring Marlins front office staff provides high school students and beyond the opportunity to explore various career options in professional baseball. This section features:

Marlins Think Tank Week

Every year, classrooms that take advantage of the Marlins Think Tank curriculum have the opportunity to meet a Miami Marlin. During Marlins Think Tank Week, the entire Miami Marlins player roster, coacches, and broadcasters canvas the tricounty area, listening to presentations from students, learning what the students learned, and sharing their own personal experiences in education and what it means to them. Marlins Think Tank Week takes place during May, Education Month.

Teacher Appreciation Night

The Marlins recognize the Teacher of the Year from Miami-Dade, Broward, Monroe and Palm Beach counties during a pregame ceremony. Complimentary tickets are given to every school's Teacher of the Year nominee.

Breaking Barriers Essay Contest

Through Major League Baseball the Marlins offer the Breaking Barriers essay contest to all students in grades 4-8. Students are required to submit an essay about barriers or obstacles they have faced or are still facing in their lives, and how they used the values exemplified by Jackie Robinson to deal with those obstacles.

Tours

The Marlins offer behind-the-scenes tours of the state-of-the-art Marlins Park to schools and classrooms. Schools receive a 20 percent discounted rate and for every ten students, one chaperone receives a complimentary tour. Specialized school tours offered include "Green" tours, Art in Public Places tours, and History of Sport tours.

THE ARTS

The Marlins recognize that an important part of developing a strong mind is stimulating creativity and imagination. The Marlins host programs to enhance the lives and learning of children and adults alike via the arts.

The Marlins Think Tank Art Contest

The Marlins Think Tank Art Contest artistically engages the youth of South Florida. Young artists are invited to participate in the Holiday Series. This Series invites elementary, middle and high school students to create the cover of the Marlins Foundation's holiday card. Art is always original and can use various mediums.

BASEBALL

PLAY BALL

Play Ball is a joint program between MLB, USA Baseball, USA Softball and Minor League Baseball to encourage participation in both formal and casual baseball and softball activities. PLAY BALL aims to give kids the opportunity to enjoy the game in a fun environment by highlighting the many ways baseball and softball can be played by providing a memorable experience. Whether it is organized boseball or softball, a pick up whiffle ball game or simply a game of catch in the back yard. The Marlins are committed to Major League Baseball's PLAY BALL initiative and encourage kids of all ages to engage in play.

Marlins Youth Baseball Clinic Series

The Marlins Youth Baseball Clinic Series allows Marlins coaches and players the opportunity to pass along their baseball knowledge. In order to give children the experience of learning baseball from professionals, the Marlins conduct clinics on select Saturday mornings throughout the year. Marlins players and coaches reinforce the fundamentals of pitching, hitting and fielding.

RBI

Reviving Baseball in Inner Cities (RBI) is a youth program offering children ages 13-18, who live in disadvantaged areas, the opportunity to participate in organized baseball. This program is designed to promote interest in baseball, academic achievement and social responsibility in under-served areas of South Florida. The Marlins supply the uniforms, umpires and equipment for more than 500 children. All participants enjoy a fun and competitive summer league, clinics hosted by Marlins players and alumni, recognition on the field during RBI Night, and the opportunity to be selected for the RBI All Star team that competes in the Southeast Regional Tournament.

The Marlins have partnered with the City of Miami Parks and Recreation Department and the Miami-Dade County Parks and Recreation to offer the Jr. RBI league. Through the league, children have the opportunity to begin playing in the T-ball division and advance through the Coach Pitch division and into the Kid Pitch division. The league has been funded through the Marlins Foundation. The program allows kids the opportunity to begin playing baseball at a younger age so that they may eventually graduate into the RBI program.

RBI Scholarship Opportunities

Major League Baseball Charities has awarded college scholarships, each valued at \$5,000 per year over four years to high school seniors who participate in RBI. Students receive the grants through the "RBI for RBI" Scholarship Fund, created to provide financial support for select college-bound student-athletes. Six Marlins RBI participants have received the scholarship over the past five years.

To expand opportunities, in 2014 the Miami Marlins launched the Marlins RBI scholarship. The Marlins RBI Scholarship is awarded to two current Marlins RBI League participants. These awards are to support student athletes who will not be receiving a full athletic scholarship, but possess a desire to continue their academic education. The 2017 recipients included Grethell Santos from St. Thomas University, and Mariah Hernandez from Mater Lakes Academy, currently attending University of Florida.

Baseball Tomorrow Fund Equipment Drive

Marlins fans are encouraged to donate new or lightly used equipment to the Baseball Tomorrow Fund Equipment Drive. Marlins players also participate by conducting a collection in the clubhouse and contributing their own equipment to this worthy cause. The collected equipment is distributed to disadvantaged ballplayers throughout South Florida and the Caribbean

HEART AND HUSTLE AWARD

The Marlins presented the 2017 Heart and Hustle Award to J.T. Realmuto. The award, given out by the Major League Baseball Players Alumni Association (MLBPAA), honors active players who demonstrate a passion for the game of baseball and best embody the values, spirit and tradition of the game. It is voted on by former players.

COMMUNITY OUTREACH

Marlins Ayudan

Marlins Ayudan (Spanish for "help") is the signature outreach initiative of the Miami Marlins. The purpose of Marlins Ayudan is to provide a sustainable corps of volunteers willing and ready to effectuate positive change in our community. It is the fabric of our corporate culture and engages every front office employee with schools and charities throughout South Florida.

The goal of Marlins Ayudan is to leave a lasting legacy through impactful service activities that tackle South Florida's most pressing needs. We aspire to be known by our neighbors, residents and fans as a corporate leader in volunteerism that makes a difference every day.

Easily identified by the signature Blue Jerseys, members of the Miami Marlins Front Office have contributed over 52,000 hours of community service since the inception of the program in 2010. Furthermore, the Marlins Ayudan program has established partnerships and traditions of giving that inspire employees to pursue their passions and contribute their time and talents year-round.

The three-tier Ayudan methodology consists of organizational service days, team events and individual volunteer opportunities.

Marlins Ayudan is a direct and visible demonstration of our Corporate and Social Responsibility.

Day of Philanthropy and Service

Once per year the Marlins organization closes its doors, and sends the entire front-office to complete a large-scale service project. In 2017, the Marlins Ayudan Day of Philanthropy and Service was hosted in conjunction with the Miami Foundation's Give Miami Day – the single largest day of giving in Miami-Dade County. Marlins Ayudan's efforts led to over \$208,000 in donation to various non-profit organizations. During the same day, Marlins Ayudan completed eight simultaneous service projects. The nine non-profits selected were Miami Rescue Mission, Miami-Dade County Animal Services, Shake-A-Leg Miami, South Florida After-School All-Stars, Special Olympics Florida, Feeding South Florida, Up2Us Sports, Hands on Miami and Miami Lighthouse for the Blind.

Day of Civic Philanthropy and Engagement

The Marlins closes its doors a second day to engage the community. Front office employees canvas South Florida completing Random Acts of Kindness. Each year employee volunteers are tasked with engaging the community philanthropically as well. In 2017 Blue Shirts spent the day rewarding "All-Stars" out in the community. Each team also took one student from their partner school holiday shopping at Target.

Marlins Ayudan School Partnership Program (MASPP)

Through this initiative, Marlins Ayudan Blue Shirts impact the lives and education of the youth in Miami Dade County Public Schools. Volunteers and programs are guided by focused involvement with students, faculty and staff at seven partner schools. Signature offerings include a literacy program, a mentorship program, and a Career Workshop Series.

2016-2018 Marlins Ayudan Partner Schools:

The 2016-2018 Partner schools were selected by an application process and include: Citrus Grove Elementary, Lenora B. Smith Elementary, Kinloch Park Middle and Miami Senior High School.

Literacy Program

Reading A-Z's mission says that, "Literacy is the key to success, not just in school, but in life". Marlins Ayudan utilizes this web-based program along with its application, RAZ Kids in 1-hour tutoring sessions with 20 students in need at each partner elementary school. Marlins Ayudan implements with the "I do, We do, You do" method to achieve literacy.

Mentorship Program

The Marlins Ayudan Mentorship Program was developed specifically for Middle School Partners. The program engages teams of Marlins Ayudan Mentors and Middle School Mentees in a series of sessions designed around the Nine Values of Jackie Robinson. A Marlins Ayudan Mentor is a caring Blue Shirt who devotes time to help young people discover their strengths and achieve their potential. Blue Mentors serve as a positive role model and encourage young people to explore their identity and open their eyes to future possibilities.

Career Workshop Series

The Career Workshop Series offers students a real-world glimpse at a variety of disciplines as they begin to think about the types of careers to explore later in life. The program teaches "Major League Essentials for Young Leaders" - Vocation, Ethics, Professionalism, Commitment, and Networking and is offered to MASPP School Miami High as well as the Sports Leadership and Management Academy (S.L.A.M.). The schools also visited the University of Miami, Florida International University and Miami-Dade College Wolfson Campus. At each college they were given a tour and met with someone from admissions, registration, financial aid and housing.

Player Appearances

Marlins players make various community visits throughout the year. Visits to schools, hospitals, youth centers and local businesses give the players the opportunity to interact with fans outside the ballpark.

Youth Baseball and Softball Partnership Program

The Marlins invite youth baseball and softball leagues throughout South Florida to become partners. Benefits include access to group rates for tickets, parades for league participants and exclusive league recognition during games.

Ballpark Buddies/Corporate Partners for Youth

Through the Ballpark Buddies program, tickets are distributed to local charities and underprivileged youth groups throughout the season. The tickets are provided by the Marlins Corporate Sponsors as well as the Commissioners Community Initiative.

Group Fundraising Efforts

The Marlins offer special group rates for events such as Salute to Youth Baseball Days, Scout Nights, Religious Organization Nights and Baseball Buddies. For more information, contact Marlins Group Sales at 1-877-MARLINS.

PLAYER/COACH INITIATIVES

Brad Ziegler: Past Time for Patriots

Through his initiative, Brad Ziegler supports the Special Operations Warrior Foundation. On select Fridays, special operations members and their families are treated to a unique Marlins experience. The Special Operations Warrior Foundation is committed to providing scholarship grants – not loans – to over 1,100 children, who survive over 900 special operations service members who gave their lives in service to our country. The foundation also provides immediate financial assistance to severely wounded and hospitalized special operations service members.

Martín Prado: Very Prado You

Through his program Very Prado You, Martin Prado's mission recognizes and rewards students for their academic achievements. These achievements include perfect attendance, as well as academic excellence and improvements. Prado's mother, Irma, stressed the importance of education always coming first, which inspired him to create a program that rewards students for their hard work.

2017 IN REVIEW

CLUB HISTORY

2017 SEASON NOTES

THE YEAR IN REVIEW: The Marlins finished their sixth campaign, and 25th season overall, in second place in the National League East with a 77-85 record. It was the first time that the Marlins have finished in second place since the 2009 season, when they went 87-75. Miami went 42-36 at home, the eighth-best home mark in club history, the best since a 45-36 record in 2008. It marked Miami's fourth consecutive season with at least a .500 record at Marlins Park, and the 17th in Club history.

THE YEAR AT THE PLATE: The Marlins hit 194 home runs, the thirdmost in club history behind 208 in 2008 and 201 in 2007. They also had the third-most hits (1,497) all-time, behind 1,504 in 2007 and 1,499 in 2005. The home-run total ranked just 19th in the Majors (ninth in NL), but the hit total was third in the Majors (second in the NL), behind only Houston (1,581) and Colorado (1,510). Miami ranked fifth in the NL in runs scored (778), the second-highest total in club history, behind 790 in 2007.

THE YEAR ON THE MOUND: Miami's hurlers had a 4.82 team ERA ranking 22nd in club history. The starters turned in a 5.12 mark (23rd all-time), and the relievers a 4.40 (19th). The bullpen continued a recent trend of strong performance, as its 559 strikeouts ranked second all-time, behind the 570 posted in 2016. Since 2014, Miami's relievers have posted four of the top-five strikeouts seasons in club history.

GOLD GLOVE YEAR: Miami continued a recent trend of stellar defensive play this season, setting a club record with a .988 fielding percentage, which led the Major Leagues. Six of Miami's top-eight seasons in fielding percentage have come since 2011. The Marlins committed just 73 errors in 2017, the fewest in club history and the fewest in the Majors. Miami's infielders (lb, 2b, ss, 3b) carried a long errorless streak into the 2017 campaign. It began on September 22, 2016 and ended on April 19 in Seattle, ending at 23 games and 218.0 innings, the second-longest such streak in club history behind a 28-game, 259.2-inning run from May 30-June 29, 2016. Left fielder Marcell Ozuna picked up his first career Rawlings Gold Glove Award ® following the season, just the second ever award to a Marlins' outfielder.- Stats LLC

MVP: Giancarlo Stanton's performance earned him the first National League Most Valuable Player award in Club history. Stanton won the third-closest ballot in the history of the award, garnering 302 points, just two more than second-place finisher Joey Votto of the Reds. Stanton led the Majors in home runs (59), RBI (132), and slugging percentage (.631).

WON GOING UP, UP AND AWAY: Giancarlo Stanton finished the season with a Club-record 59 home runs, tops in the National League and the most in the Majors since Barry Bonds (73) and Sammy Sosa (64) in 2001. The second-place slugger in the NL was Cody Bellinger of the Dodgers, who had 39. The plus-20 difference was the largest gap between first and second place in NL history, and tied for the fifth largest in Major League history. - Stats LLC

HOME FOR THE ALL-STAR BREAK: The Marlins hosted the All-Star Game for the first time in club history in 2017. The Midsummer Classic was played on July 11, with the visiting American League earning a 2-1 win in 10 innings. Marcell Ozuna (LF) was voted in as a starter; Giancarlo Stanton, voted in by the players, was also selected to start at DH. Giancarlo Stanton

2012

THE BIG THREE: Giancarlo Stanton (59 home runs), Marcell Ozuna (37 HR) and **Justin Bour** (25) had the most home runs among a trio of teammates in the Majors, with 121, setting a new club record. - *Elias*

HITS IN BUNCHES: The Marlins had 393 multi-hit games, a new club record, surpassing the previous mark of 388 set in 2006 and 2007. Eight of the 18 players who had a multi-hit game for the Marlins either tied or set a career high, excluding rookies and pitchers - Flias

NO-NO: Edinson Volguez threw a no-hitter against the Diamondbacks on June 3. It was the first no-hitter in the Major Leagues since Jake Arrieta threw one at Cincinnati in April 2016. That was longest stretch without a no-hitter in the majors in more than a decade-since there were none from Randy Johnson's perfect game in May 2004 to Anibal Sanchez's no-no in September 2006... Volquez's no-hitter was the Marlins' sixth no-hitter in their 25 seasons. Only four teams have had as many no-hitters through their first 25 seasons: the Red Sox (10) from 1901-1925, the Astros (8) from 1962-1986, the Angels (7) from 1961-1985, and the White Sox (7) from 1901-1925... Volguez struck out the side in the bottom of the ninth inning. Only three other pitchers in the expansion era (since 1961) have struck out the side in the last inning of a no-hitter; the Dodgers' Sandy Koufax against the Cubs on Sept. 9, 1965, the Giants' Chris Heston against the Mets on June 9, 2015, and the Cubs' Arrieta at Dodger Stadium on Aug. 30, 2015... Volguez entered the game with a 1-7 (.125) record. That's the lowest winning percentage for a pitcher in a season entering a no-hitter, among pitchers with at least three previous decisions. . - Elias

Also from the no-no, these notes courtesy of *Stats LLC*: Volquez tossed the 294th no-hitter at the Major League level (122 in AL, 150 in NL, 5 in Federal League, 2 in Union Association, 15 in American Association). It marked the 28th no-hitter where the pitcher faced the minimum 27 batters, which includes 19 perfect games.

FOREIGN DIGNITARY: Ichiro Suzuki picked up two hits on July 6 in St. Louis, the 3,053rd and 3,054th of his Major League career. The hits tied and surpassed Rod Carew (Gatun, Panama Canal Zone) on the all-time MLB hits list, giving Suzuki (Kasugai, Japan) sole possession of 24th place overall, but also making him the all-time hits leader among players born outside of the United States.

HOME AWAY FROM HOME: Miami's home series against the Brewers from September 15-17 was played in Milwaukee due to Hurricane Irma, with the Marlins dropping two-of-three. It was the fourth time the Marlins played "home" games on the road. The Fish are 5-5 in 10 "home" games outside of South Florida. In 2011, a three-game set (1-2) with the Mariners from June 24-26 was moved to Seattle due to the rescheduling of a U2 concert at Sun Life Stadium. The Marlins played three games (2-1) as the home team in Puerto Rico's Hiram Bithorn Stadium in 2010, taking two-of-three from the Mets from June 28-30. In 2004, the first two games (Sept. 13-14) of a Marlins-Expos five-game series were moved to U.S. Cellular Field in Chicago due to a pending hurricane; the Marlins won both games.

DEBUT DUET: Both LHP **Dillon Peters** and INF **Brian Anderson** were in the starting lineup to make their MLB debuts on September 1 against the Phillies, and both players had a solid showing. Peters tossed 7.0 innings and struck out eight batters. He allowed just three hits and three walks. He tied the Club record for innings pitched in an MLB debut, joining Justin Nicolino (June 20, 2015) and Brad Penny (April 7, 2000), and for strikeouts in an MLB debut, joining José Fernández (April 7, 2013). Anderson, meanwhile, went 1x3, picking up his first MLB hit on an infield single in the fourth.

HEART & HUSTLE: The Major League Baseball Players Alumni Association named **J.T. Realmuto** as Miami's 2017 Heart & Hustle Award winner. The award honors active players who demonstrate a passion for the game of baseball and best embody the values, spirit, and traditions of the game.

HOME RUN BONANZA: There was a home run binge in an August 22 doubleheader at Philadelphia, as there were 14 homers combined between the Marlins (6) and Phillies (8). According to *Stats LLC*, that was the most combined home runs in a doubleheader involving the Marlins in team history, surpassing the former record finine (three times); it also came one home run shy of tying the all-time record for any doubleheader, as the Milwaukee Braves (9) and Cubs (6) combined for 15 on May 30, 1956.

BLANK LOOKS: The Marlins lost a combined no-hitter with one out in the ninth inning on April 18 at Seattle, just two days after losing a combined no-hitter to the Mets with two outs in the eighth inning. According to *Elias*, Miami was the fifth team since 1961 to carry nohit bids at least 7.0 innings twice in a three-game span. The last team to do it was the Dodgers, on May 25 & 26, 2014. The others were Oakland (July 14 & 15, 2005); Montreal (over three games from July 26-28, 1991); and the Yankees (over three games from August 25-27, 1963). Both the Dodgers (first game, at Phillies) and Expos (third game, at Angels) completed no-hitters in those spans.

DESCANSA EN PAZ MI AMIGO: The Marlins were saddened to learn on August 21 of the passing of Hall-of-Fame broadcaster Rafael 'Felo' Ramírez, the Spanish-radio "Voice of the Marlins" since the club's inaugural season in 1993. In addition to calling both of Miami's World Series championships and five of its no-hitters, Ramírez was the voice of the Caribbean World Series all but nine times since 1949, called over 30 World Series and All-Star Games, as well as historic moments such as Roberto Clemente's 3,000th hit and Don Larsen's perfect game in the 1956 World Series.

INTER-LEAGUE INCIDENT: The Marlins defeated the Rangers, 22-10, in Texas on July 26, the second-most runs ever scored in an Interleague game, behind the Marlins' 25-8 loss in Boston on June 27, 2003... Miami's 2-3-4-5-6 batters all scored at least three runs. Only two other teams since 1900 have done that in a game: the Pirates against the Boston Beaneaters in a 19-1 win on June 11, 1904, and the Red Sox in a 29-4 win over the St. Louis Browns on June 8, 1950. Hall of Famers Fred Clarke and Honus Wagner were the Pirates' 3-4 batters in that 1904 game, while Ted Williams batted third for the Red Sox in the 1950 game... The Fish set club records for runs (22), extra-base hits (14), and total bases (46); they also improved to 8-277 (.028) all-time when allowing 10+ runs in a game, according to Stats LLC... Miami went 12x16 with RISP, tving the single-game club record for hits with RISP: the other instance was also against the Rangers, when the Marlins went 12x22 on June 20, 2005 in a 12-5 home victory... The Marlins also tied the single-game club record with 17 RBI with RISP, which had only been done once previously, on July 1, 2003 vs. Atlanta in a 20-1 victory, the previous club record for runs scored in a game.

IN A PINCH: Ichiro Suzuki set new Major League records with 109 plate appearances and 100 at-bats as a pinch hitter. He also set a new Club record with 27 pinch hits, which fell one short of tying John Vander Wal's Major League record of 28, set in 1995. Suzuki set the record for plate appearances with his 95th, on September 7, surpassing Rusty Staub (1983), and the at-bat record with his 84th on September 3, surpassing Lenny Harris (2001). - Elias

WORN OUT: A.J. Ellis fouled off eight two-strike pitches before delivering a two-out seventh-inning RBI single that proved to be the game-winner in a 6-5 victory over the Diamondbacks on June 4. Only two other players in this century drove in the winning run of a game on an at-bat of at least 14 pitches: Jose Lopez of the Mariners against the A's in 2009 (9th inning), and Kevin Youkilis of the White Sox against the Royals in 2012 (14th inning).

OPENING DAY ROSTER: Miami's 2017 Opening Day roster included 13 pitchers, two catchers, six infielders and four outfielders. PITCHERS: RHP Kyle Barraclough, LHP Wei-Yin Chen, LHP Adam Conley, RHP Tom Koehler, RHP Dustin McGowan, RHP David Phelps, RHP AJ Ramos, RHP Dan Straily, RHP Junichi Tazawa, RHP José Ureña, RHP Edinson Volquez, RHP Nick Wittgren, and RHP Brad Ziegler. CATCHERS: AJ. Ellis and J.T. Realmuto. INFIELDERS: Justin Bour, Derek Dietrich, Dee Gordon, Adeiny Hechavarria, Tyler Moore, and Miguel Rojas. OUTFIELDERS: Marcell Ozuna, Giancarlo Stanton, Ichiro Suzuki, and Christian Yelich.

HISTORY OF SUN LIFE STADIUM

Sun Life Stadium, originally known as Joe Robbie Stadium and now known as Hard Rock Stadium, was the first of its kind to be constructed entirely with private funds. The late Joe Robbie led the financing campaign to build "Joe Robbie Stadium" (JRS) for the Miami Dolphins of the National Football League (NFL). JRS revolutionized the economics of professional sports when it opened in 1987. Inclusion of a Club Level, along with Executive Suites, helped to finance the construction of the stadium. Season ticket holders committed to long-term agreements and in return they received first-class amenities in a state-of-the-art facility which is still used as a model for new facilities across the country.

Constructed in 1987 by the late Joe Robbie, the stadium is a multi-purpose facility with more than 1.5 million square feet, over 24,000 parking spaces, 75,000 seats and a playing field that meets standards for the NFL and World Cup Soccer.

Sun Life Stadium is equipped with a Prescription Athletic Turf (PAT) system which provides draining for its natural grass. It has an advanced mechanical drainage system that provides a firm, dry playing surface within a half-hour after as much as a three-inch per hour rainfall. Over the years, the Stadium's ground crews have been celebrated for providing one of the best playing surfaces in football.

On March 7, 1990, H. Wayne Huizenga, then Chairman of the Board and Chief Executive Officer of Blockbuster Video and Huizenga Holdings Inc., agreed to purchase 50 percent of Joe Robbie Stadium and became the point man in the drive to bring Major League Baseball to South Florida. That effort was rewarded in July of 1991, when South Florida was awarded a National League expansion franchise. To accommodate MLB baseball and the Florida Marlins, the stadium was retrofitted in 1992 to include retractable seating, a baseball press box, baseball dugouts, new lights and a hydraulic disappearing pitcher's mound.

On January 24, 1994, Mr. Huizenga acquired the remaining 50 percent of the stadium to give him complete ownership. Since 1991, more than \$250 million have been spent to upgrade and renovate the stadium. The improvement and revitalization of the building has allowed the stadium to remain one of the finest sports and entertainment facilities in the United States.

In February 2008, Mr. Huizenga sold 50 percent of the Miami Dolphins, stadium and surrounding developable land to Stephen M. Ross of New York and Palm Beach. Mr. Ross, Chairman of the Related Companies, an international real estate development company, became an active partner. In January 2009, Mr. Ross closed on the purchase of an additional 45 percent of the team and stadium. Coupled with his earlier purchase of 50 percent of the franchise, the stadium, and the excess developable land, Mr. Ross now owns 95 percent of the Dolphins and the stadium while Mr. Huizenga has a five percent share of both and remains a 50 percent partner in that land.

Over its glorious history, the stadium has hosted many marquee events, including five Super Bowls, two World Series, four college football National Championships, an NFL Pro Bowl and World Cup friendly matches. It has also hosted a variety of other internationally acclaimed entertainment events, including concerts by U2, The Rolling Stones, Pink Floyd, Elton John, Billy Joel, Chicago, Genesis, Gloria Estefan, Guns N' Roses, The Who, Hall & Oates, Rod Stewart, Paul McCartney, The Three Tenors, The Police and Madonna.

1997 POSTSEASON NOTES

POSTSEASON FIRSTS: The Florida Marlins played their first franchise postseason game on September 30, 1997, a 2-1 win over the San Francisco Giants in Miami. Kevin Brown threw the first playoff pitch in franchise history, to Darryl Hamilton. Brown collected the first Florida postseason strikeout, fanning J.T. Snow to lead off the second inning. Brown retired the first 14 Giants he faced before allowing the first hit to an opponent, a single to Stan Javier with two outs in the fifth inning. Florida's first postseason batter was Devon White, who faced Kirk Rueter and popped out to second baseman Jeff Kent. The first Marlin to reach base was Gary Sheffield on a two-out first-inning walk. The first Florida hit came off the bat of Bobby Bonilla, following the Sheffield walk. The first run allowed by Florida came in the top of the seventh, when Bill Mueller hit a leadoff homer. The Marlins scored their first run in the bottom of the inning, on a Charles Johnson leadoff homer.

A FIRST FOR EVERYTHING: The Marlins became the first team to qualify for the postseason and win the World Series as a Wild Card. At the time. Florida was the fastest expansion. team to win the World Series, done in their fifth season. The Arizona Diamondbacks surpassed Florida's mark, winning their World Series title in 2001, their fourth season.

RECORD WINNING STREAKS: The Marlins were the third team in postseason history to sweep their first playoff series in team history, joining the 1914 Braves, who swept the Philadelphia A's, and the 1969 New York Mets, who swept Atlanta. Florida began its postseason run with four straight wins, only the second team in baseball history with a franchise-opening playoff win streak of four or more games. The Braves won five straight games to open their postseason history, a four-game sweep in the 1914 World Series and a win over Cleveland in the 1948 playoffs.

NATIONAL LEAGUE DIVISION SERIES NOTES

SWEEPING SUCCESS: With their 3-0 sweep over the Giants, the Marlins became the fastest expansion team to win a postseason series (surpassed by Arizona in 2001). Prior to the Marlins, the fastest NL team to win a playoff series was the New York Mets, in their eighth season. The Marlins won each of the three games over the Giants in comeback fashion, including games one and two in their final at-bats. The 1997 Marlins led the Majors with 24 last at-bat victories in the regular season.

NATIONAL LEAGUE CHAMPIONSHIP SERIES NOTES

LIVAN MOST VALUABLE, PART 1: Liván Hernández went 2-0 with a 0.84 ERA in two appearances (one start) in the NLCS vs. Atlanta. He became the first pitcher in LCS history to record a win as both a starter (Game 5) and as a reliever (Game 3) in the same series. In Game 5. Hernández established an NLCS record and tied an LCS record with 15 strikeouts, the second-highest strikeout game in postseason history. His 2-1, three-hit win in Game 5 was his first Major League complete game.

NUMBERS DON'T ALWAYS MATCH UP: The 1997 Marlins became the second team to advance to the World Series, despite posting a lower batting average and higher ERA than their LCS opponent. The Braves outhit the Marlins .253 to .199 and had a 2.60 ERA, compared to Florida's 3.57. The first time it happened was in 1992, when the Braves topped the Pittsburgh Pirates in a series managed by Bobby Cox and Jim Leyland.

WORLD SERIES NOTES

LIVÁN MOST VALUABLE, PART 2: Liván Hernández (2-0, 5.27 ERA) became the second rookie in MLB history to win the World Series MVP award, joining Larry Sherry of Los Angeles-NL, who claimed the honor in 1959. Hernández also became the first rookie pitcher in 50 years to win two World Series starts. The last rookie to do it was the Yankees' Spec Shea in 1947. Hernández became the youngest pitcher to win a World Series opener at the age of 22 years, 7 months and 28 days. He was the first rookie to win a Series game since Atlanta's Mike Stanton on October 23, 1991 (G4 vs. MIN), and first rookie starter to win since Baltimore's Storm Davis on October 15, 1983 (G4 at PHI), Prior to Hernández, the last rookie starter to win a Series opener was Philadelphia's Bob Walk (October 14, 1980 vs. KC).

JIM LEYLAND: Marlins manager Jim Leyland became the first World Series manager not to have played in a Major League game since Boston's John McNamara in 1986. The last National League skipper without Major League playing experience was Philadelphia's Paul Owens in 1983. Leyland became the first manager to win his World Series debut since Cincinnati's Lou Piniella on October 16, 1990, vs Oakland

BRRR: In Game Three of the World Series, October 21, the Marlins and Indians played in 15-degree wind chill temperatures, the coldest World Series game ever played, according to records kept.

PLAYING EXTRAS: Game Seven of the World Series, won by Florida, 3-2, on an Edgar Rentería single off Charles Nagy in the bottom of the 11th inning, was the third Game Seven in World Series history to go to extra innings. The others were played in 1924 and 1991.

NOTABLE ACCOMPLISHMENTS: Jeff Conine became the first player to go from the expansion draft to the World Series with the same team. Conine was selected from Kansas City with the 22nd pick in the 1992 expansion draft. Conine and Alex Arias are the first players to play for a team in its inaugural season and reach the Fall Classic since the Mets' Ed Kranepool in 1969.

A WINNING DEBUT: The Marlins won their first-ever World Series game on October 18, 7-4, over Cleveland at home. The prior team to win their first-ever World Series game was Toronto in 1992.

ALTERNATING WINS: The Marlins won World Series games one, three, five and seven, while the Indians took games two, four and six. It marked the third time in World Series history that teams alternated victories in all seven games, joining the 1909 Fall Classic between the Pirates and Tigers. and the Yankees and Giants in 1962.

A HEART-STOPPER: Game Seven of the World Series marked the fourth time in World Series history that a winner-take-all game in the Fall Classic went into extra innings, along with the 1991 Series (MIN vs. ATL), the 1924 Series (WAS vs. NYG) and the 1912 Series (BOS vs. NYG), Overall, it marked the seventh time that a deciding World Series game went to extra innings, along with the 1933, 1939 and 1996 games. The 1997 Series was the 10th time a Fall Classic was won by the home team in the bottom of the ninth inning or later (with 1912, 1924, 1927, 1929, 1935, 1953, 1960, 1991 and 1993) and the fifth time in a winner-take-all situation.

2003 POSTSEASON NOTES

The Marlins entered the 2003 postseason as the National League's Wild Card entry, the fourth team in Major League Baseball history to enter the playoffs as the Wild Card multiple times. The Marlins (also Wild Card in 1997), joined the New York Mets (1999 and 2000), the New York Yankees (1995 and 1997) and the Boston Red Sox (1998, 1999 and 2003). Florida is one of three Major League Baseball expansion teams to make the postseason at least twice in their first 11 seasons. Kansas City came into play in 1969 and made the postseason in 1976, 1977 and 1978. Arizona began play in 1998, and saw postseason action in 1999, 2001 and 2002. The Marlins are one of six teams to advance to the World Series as a Wild Card team and one of four (with the Angels, Red Sox and Giants) to win it.

SIX STRAIGHT: The Marlins concluded the World Series with wins in each of their six playoff series to open the Club's franchise history. The six straight playoff series wins surpasses the mark of consecutive postseason series wins to begin a team's playoff history, done by the Boston Red Sox from 1903-1918. Of the 29 Major League franchises who have participated in postseason play, the Marlins are the only ones never to lose a series.

A WILD POSTSEASON: During the 2003 postseason, the Marlins posted three extra-inning victories, notched three wins when trailing by three or more runs and collected four wins in their final at-bats. According to Jayson Stark on ESPN.com, the Marlins are the fourth team in postseason history with three extra-inning wins and are the fourth team to win three games when trailing by three or more runs. Additionally, no postseason team had ever won more than four games in their last at-bat.

RECORD-SETTING CROWDS: The NLCS Game 4 crowd of 65,829 against the Cubs on October 12 set a new LCS attendance record, surpassing the previous mark of 65,476 (HOU @ PHI on 10/8/80). The Marlins also set a DS attendance record, drawing 65,464 in Game 4 vs. San Francisco (October 4). The October 23 World Series crowd of 65,975 was the largest World Series crowd since Game 7 of the 1997 Series when the Marlins drew 67,204 to see Florida host the Cleveland Indians.

NATIONAL LEAGUE DIVISION SERIES NOTES

A SERIES FOR THE AGES: The NL Division Series between the Marlins and Giants featured 72-year-old Jack McKeon and 68-year-old Felipe Alou. McKeon was the oldest manager to participate in postseason play in Major League Baseball history, while Felipe Alou was the fourth-oldest. Below is a look at the list:

JACK McKEON	2003 FLORIDA	72 YEARS OLD
Casey Stengel	1960 New York (AL)	70 years old
Davey Johnson	2012 Washington	69 years old
Connie Mack	1937 Philadelphia (AL)	68 years old
Tommy Lasorda	1995 Los Angeles (NL)	68 years old
Felipe Alou	2003 San Francisco	68 years old
Jim Leyland	2013 Detroit	68 years
old		

The two opposing skippers in this NLDS, McKeon and Alou, had a combined age of 140 years, the highest combined age of any two managers facing each other in postseason history. Below is a look:

COMB. AGE	YEAR	TEAMS	MAN.
140	2003	FLA-SF (DS)	McKeon / Alou
128	1958	NYY-ATL (WS)	Stengel / Haney
126	1957	ATL-NYY (WS)	Haney / Stengel
123	1949	BRO-NYY (WS)	Shotton / Stengel
119	2013	DET-BOS (CS)	Leyland / Farrell
118	1953	BRO-NYY (WS)	Dressen / Stengel

WHAT WAYS TO WIN IT: The Marlins closed out their series with the Giants in rather historic ways. On Friday, October 3, the Marlins downed the Giants, 4-3 in 11 innings. The Giants scored an unearned run in the top of the 11th and the Marlins countered with two unearned tallies in the bottom. It marked the first time since Game 8 of the 1912 World Series that a team came from behind to win a postseason game with two unearned runs in the bottom of an extra inning, according to the Elias Sports

The Marlins followed that classic ending with more excitement on Saturday afternoon, October 4, when the Fish ended the NLDS with a 7-6 win over the Giants. The game ended as Jeff Conine threw out J.T. Snow at home plate on a Jeffrey Hammonds single to left. According to the Elias Sports Bureau, the event marked the first time in Major League Baseball postseason history that a series ended with the tying run being thrown out at home plate.

CABRERA MATCHES POSTSEASON MARK: Miguel Cabrera went 4x5 in Game 4 of the National League Division Series vs. San Francisco. The four hits tied a Major League postseason record for hits by a rookie, joining NYY's Derek Jeter (1996 ALCS G1), LAD's Chad Fonville (1995 NLDS G2), NYG's Freddie Lindstrom (1924 WS G5) and STL Browns' Joe Garagiola (1946 WS G4).

Cabrera had four home runs and 12 RBI in the 2003 postseason, the best single-season rookie home run and RBI marks in MLB playoff history. Entering this postseason, Willie McGee (1982 STL) held the rookie RBI mark at 10. Hideki Matsui had 11 RBI in the 2003 playoffs, one behind Cabrera.

OH THOSE LEFT ON BASE: The Marlins and Giants combined to leave 30 men on base on October 3, setting a new NLDS record. The previous mark was 26, done by the Giants (16) and Mets (10) in a 13-inning contest on October 7, 2000.

NATIONAL LEAGUE CHAMPIONSHIP SERIES

PINCH ME: Mike Lowell became the sixth player in MLB postseason history to hit a pinch-hit home run in extra innings when he homered in the top of the 11th inning on October 7 at Chicago. Below is a look at the all-time postseason extra-inning PH homer list:

MIKE LOWELL (FLA)	G1 2003 NLCS at CHC
Trot Nixon (BOS)	G3 2003 ALDS vs. Oak
Mike Pagliarulo (MIN)	G3 1991 ALCS at TOR
George Vukovich (PHI)	G4 1981 NLDS vs. MON
John Lowenstein (BAL)	G1 1979 ALCS vs. CAL
Dusty Rhodes (SF)	G1 1954 WS vs. CLE

HOMERS SHALL FLY: The Marlins hit a team postseason-high four home runs on October 7 at Chicago. Three of the homers (by Rodriguez, Encarnacion and Cabrera) came in the third inning, marking the first time in NLCS history that a team homered three times in an inning. Cabrera's and Encarnación's homers were back-to-back, the seventh time in NLCS history that a team had players hit back-to-back homers.

A RECORD-SETTING NIGHT: The 17 extra-base hits by the Marlins and Cubs on October 7 set a new LCS record, surpassing the previous mark of 12, done on October 5, 1975 (OAK and BOS) and October 9, 1993 (PHI and ATL). The seven HR by both teams also set a new LCS record.

CABRERA AMONG THE YOUNGEST: On October 7 at Chicago, Miguel Cabrera became the second-youngest player to homer in the postseason, at 20 years, 182 days. The youngest player to go deep in the playoffs was Atlanta's Andruw Jones (19.178) on 10/17/96 vs. STL.

DONTRELLE WITH THE BAT: Dontrelle Willis became the first Marlins pitcher to collect a multi-hit game in postseason play as he went 3x3 on October 4 vs. SF. Willis' three hits set a postseason rookie pitcher record. He was the first pitcher to post a three-hit postseason game since LA's Orel Hershiser did it in Game Two of the 1988 World Series vs. Oakland.

2003 POSTSEASON NOTES

BECKETI'S BEST: The Marlins forced a Game 6 in the NLCS as RHP Josh Beckett threw the first complete game (CG SHO) of his career (regular and postseason) on October 12. The two-hit shutout by Beckett tied the NLCS record for fewest hits allowed in a complete game, joining CIN's Ross Grimley (10/10/72), NY's Jon Matlack (10/7/73) and SF's Dave Dravecky (10/7/87). Beckett's effort was the 15th complete game shutout in NLCS history. Beckett became the first pitcher to shut out the Cubs in a postseason game since Boston's Babe Ruth, who blanked the Cubs in Game 1 of the 1918 World Series.

IN SELECT COMPANY: According to research by ESPN, Josh Beckett became the third plitcher in postseason history to throw a complete game shutout, allowing two hits or less and fannibre 10 or more. Beckett joins Roger Clemens (2000 ALCS vs. SEA, 15 K) and Big Ed Walsh (1906 WS vs. CHC, 12 K) on that list.

IN AN ELIMINATION GAME: According to Jayson Stark of ESPN. com, Beckett became the fourth pitcher in the last 40 years to pitch a CG SHO with his team facing elimination (excluding G7's in LCS or WS or G5's in DS). Beckett joined the list with Curt Schilling (1993 WS), Danny Jackson (1985 ALCS) and Joe Coleman (1972 ALCS).

BIG INNING: The Marlins scored all eight of their runs in the eighth inning on October 14 at Chicago in an 8-3 win. The eight-the inning established a Marlins playoff record, surpassing their previous best of seven, done in the ninth inning of Game 3 of the 1997 World Series (October 21). The eight-run inning also tied an overall Marlins' record for runs scored in an inning, done for the ninth time overall and the first time since July 25, 2003 vs. PHI. The Fish were one run from tying the all-time NLCS record (nine), done by St. Louis in the second inning on October 13, 1985 vs. I.A.

According to ESPN, the Marlins became the fifth team in LCS history to come back from a three-run or greater deficit in postseason play to win when facing elimination, and the first since Game 5 of the 1986 ALCS (Game 5 - Boston at California).

BACK FROM 3-1: The Marlins became the fourth team in LCS history (since 1985) to overcome a 3-1 deficit to capture the pennant. Prior to Florida's accomplishment, only one NL team had done it, the 1996 Atlanta Braves, who won three straight over St. Louis to advance to the World Series. Below is a look at the list of 3-1 LCS comebacks:

YEAR	LCS COMEBACKS	WORLD SERIES RESULT
1985	KC over Toronto	KC over STL (4-3)
1986	Boston over California	NYM over BOS (4-3)
1996	Atlanta over St. Louis	NYY over ATL (4-2)
2003	Florida over Chicago	FLA over NYY (4-2)
2007	Boston over Cleveland	BOS over COL (4-0)

AN MVP PERFORMANCE: Marlins' catcher Pudge Rodríguez was named the NLCS Most Valuable Player, as he hit. 321 (9x28) with two home runs and 10 RBI. The 10 RBI set a new NLCS record, surpassing the previous mark of nine, done by San Francisco's Matt Williams in 1989. Rodríguez became the fifth catcher in NLCS history to win MVP honors. Pudge joins STL's Darrell Porter (1982), ATL's Javy Lopez (1996), ATL's Eddle Pérez (1999) and SF's Benito Santiago (2002).

A TOUGH TRICK TURNED: The Marlins advanced to the World Series by winning consecutive road games trailing three games to one, a feat done for the fifth time in postseason history: 1958 (NYY over MIL Braves in WS), 1968 (DET over STL in WS), 1979 (PIT over BAL in WS), 1985 (KC over TOR in ALCS) and 2003 (FLA over CHC in NLCS).

WORLD SERIES

The Marlins became the first team in MLB history to reach the World Series as a Wild Card entry twice.

OF HISTORIC SIGNIFICANCE: The Marlins became the third expansion team to win multiple World Series, joining the New York Mets and Toronto Blue Jays. The Jays won their two World Championships in their first 17 seasons, while the Mets did it in their first 25 campaigns. The Marlins won two World Championships in their first 11 Major League seasons. The Marlins would become the first team in the post-expansion era to accomplish the feat.

JACK McKEON: Marlins' manager Jack McKeon became the second manager in Major League Baseball history to lead his team to a World Series championship after taking over his Club during the season. The first manager to accomplish the feat was the Yankees' Bob Lemon in 1978, when he replaced Billy Martin.

EXPANSION NOTABLES: The Marlins were one of five expansion teams to reach the World Series multiple times. The New York Mets lead the list with five Fall Classic entries (win in 1969, loss in 1973, win in 1986, loss in 2000, and loss in 2015). The Kansas City Royals have the second-most with four (loss in 1980, win in 1985, loss in 2014, and win in 2015), while the Marlins, San Diego Padres (loss in 1984 and loss in 1998), and Toronto Blue Jays (win in 1992, win in 1993) have each made two World Series appearances.

AGE IS A STATE OF MIND: Marlins' manager Jack McKeon became the oldest skipper to lead his team to the World Series, as the Series opened with McKeon 72 years and 329 days old. McKeon is ahead of Casey Stengel (70.067 in 1960 with NYY), Connie Mack (68.283 in 1931 with PHA), Stengel (68.063 in 1958 with NYY), Mack (67.283 in 1930 with PHA) and Stengel (67.064 in 1957 with NYY).

McKeon was the first manager since Philadelphia's Paul Owens (in 1983) to lead his team to the World Series after not beginning the season as that Club's skipper.

HOW DO YOU DO, MR. GONZÁLEZ: Alex González hit a walk-off homer off the Yankees' Jeff Weaver in the bottom of the 2th inning on October 22. It marked the first walk-off homer in Marlins postseason history and holds significance in baseball history. It marked the 13th time that a World Series game ended on a home run and the first time since October 31, 2001 (G4 vs. ARI), when Derek Jeter homered in the bottom of the 10th inning.

According to research done by ESPN, González was the third player in baseball history to have his first career postseason homer come as a World Series walk off, joining Dusty Rhodes (1954 NYG vs. CLE) and Eddie Mathews (1957 MIL Braves vs. NYY). ESPN also noted that González was the third player to hit a walk-off homer against the Yankees in World Series play, joining Bill Mazeroski (1960 G7, with PIT) and Mathews (1957 G4, with MIL).

A PENNY FOR YOUR THOUGHTS: RHP Brad Penny went 2-0 with a 2.19 ERA in two World Series starts against the Yankees. Penny became the 13th pitcher to beat the Yankees twice in the same Series, joining Sandy Koufax, Bob Gibson and Randy Johnson as the only four to do so in the last 40 years.

BECKETT NAMED WORLD SERIES MVP: Josh Beckett (1-1, 1.10 ERA in WS) became the youngest World Series MVP since 22-year old Liván Hemández claimed the honor for the Marlins in 1997. Beckett became the first pitcher since Minnesota's Jack Morris in 1991 to pitch a complete game shutout in a deciding World Series game, the 19th overall in baseball history. It was the first complete game shutout in a World Series game since Arizona's Randy Johnson on October 28, 2001 at New York. Beckett's five hits were the fewest hits in a deciding complete game shutout since Baltimore's Scott McGregor (5) in 1983. He became the youngest pitcher to win a deciding World Series game (23 years, 5 months, 10 days) since Kansas City's Bret Saberhagen (21.6.16) in 1985. Beckett fanned 47 batters in the 2003 postseason, tying Randy Johnson (2001) for second-most strikeouts in a single postseason behind Arizona's Curt Schilling in 2001 (56).

THE CITRUS SERIES

- The Marlins and Rays will square off in the Citrus Series for the 21st time this season. The Rays won the season series 3-1 in 2017, after completing a two-game sweep at Marlins Park on May 1 & 2 and splitting a series at the Trop on May 3 & 4. The Marlins are 52-55 (.486) in the intrastate Interleague traditional rivalry. The Rays lead the season series tally by a count of 10-9-1.
- The Miami-Tampa Bay rivalry is one of seven active intrastate interleague traditional rivalries and the most closely contested. The .514 winning percentage for the Rays is the slimmest by a series leader. Oakland's .518 (59-55) record against San Francisco and the White Sox' .518 (58-54) record against the Cubs are tied for the second-closest margin. The most dominant intrastate rivals are the Yankees, who have a 66-46 (.589) advantage over the Mets, followed by the Cardinals with a 55-39 (.585) record against the Royals. The Angels are third with a 63-51 (.553) lead over the Dodgers, and the Indians are fourth, leading the Reds 56-47 (.544) in their all-time series.

- Miami's .667 winning percentage (18-9) against the Blue Jays is its second highest against any Interleague opponent, behind a .741 mark (20-7) against Baltimore.
- Marlins catcher Ronny Paulino had the only multi-homer game of his career when he belted two in an 11-3 win for the Fish on June 14, 2009 in Toronto. Eight of
 Florida's starting nine had a multi-hit game that day, the exception being the DH, as Jeremy Hermida went 0x4.
- The last time the Blue Jays visited South Florida, Miami picked up a 9-0 win on June 24, 2012, the largest margin of victory for either club in series history. The
 Marlins have shut out Toronto twice in series history, the other being in their inaugural meeting on August 29, 1997 (8-0 win for Florida). Toronto has never shut
 out the Marlins.

HOW TO FIGURE...

BATTING AVERAGE (AVG.): Divide the number of hits by the number of at bats.

EARNED RUN AVERAGE (ERA): Multiply the number of earned runs by nine and then divide that number by the number of innings pitched.

FIELDING AVERAGE (PCT.): Divide the total putouts and assists by the total of putouts, assists and errors.

MAGIC NUMBERS: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

ON-BASE PERCENTAGE (OBP.): Add the total of hits, walks, hit by pitches and divide by the total of at-bats, walks, hit-by-pitches and sacrifice files.

SLUGGING AVERAGE (SLG.): Divide the total bases of all safe hits by the total times at-bat (at-bats do not include walks, sacrifices, hit-by-pitch, or times awarded first base because of interference or obstruction).

WINNING PERCENTAGE: Divide the number of games won by the total games won and lost.

QUALIFICATIONS FOR BATTING CHAMPIONSHIP: Highest batting average based on a minimum of 502 plate appearances, the equivalent of 3.1 appearances for each of the 162 scheduled games, which may include walks, sacrifices, hit by pitch, etc.

QUALIFICATIONS FOR PITCHING (ERA) CHAMPIONSHIP: Lowest earned run average with a minimum of 162 innings pitched.

QUALIFICATIONS FOR A FIELDING CHAMPIONSHIP: The fielders with the highest fielding average at each position, provided:

- (1) A catcher participates as a catcher in at least one-half the number of games scheduled for each club in his league that season.
- (2) An infielder or outfielder must have participated at his position in at least two-thirds of the number of games scheduled for each club in his league that season.
- (3) A pitcher must have pitched at least as many innings as the number of games scheduled for each Club in his league that season. EXCEPTION: if another pitcher has a fielding average as high or higher, and has handled more total chances in a lesser number of innings, he shall be the fielding champion.

NOTE: These figures DO NOT determine Rawlings Gold Glove winners at the end of the season. Those are selected by a vote of managers and coaches.

QUALIFICATIONS FOR A ROOKIE: A player with no more than 130 at-bats or 50.0 innings pitched in the Major Leagues during the previous season or seasons, nor more than 45 days on a Major League roster during the 25-man player limit (excluding time in military service).

PINCH HITTING: A player shall be considered a pinch-hitter only if he enters the game as a substitute batter and then only on his first time at-bat, which must be before he becomes a fielder. If the team bats around in the inning and a pinch-hitter comes up a second time, he will not be considered a pinch-hitter the second time.

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

CONSECUTIVE-GAME HITTING STREAKS: A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive

interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and no hit. The player's individual consecutivegame hitting streak shall be determined by the consecutive games in which the player appears and is not determined by his club's games.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive-game playing streak shall be extended if the player plays one-half inning on defense, or if he completes a time at-bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

ITEMS OF INTEREST

BLOWN SAVE DEFINITION: When a relief pitcher enters a game in a save situation and departs with the save situation no longer in effect because he has given up the lead, he is charged with a blown save. If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the leaves the game, he is not charged when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity. This method has been a part of the Rolaids formula since 1988.

DISABLED LISTS:

10-Day: The player must remain off the active roster for a minimum of 10 calendar days, starting on the day following the player's last game.

60-Day: Same rules apply, however, this may only be used when the team's 40-man roster is full. Any player placed on the 60-day disabled list after August 1 may not play for the remainder of the season, including any postseason game.

EMERGENCY: Maximum number of players on list at one time- no limit. Minimum period of inactivity is 60 calendar days. Players placed on this list after August 1 shall remain there for the balance of the season. This list may only be used when a Club is at the maximum limit of 40 players.

FREE AGENCY (RE-ENTRY): The 1985 collective bargaining agreement brought about changes in the free agency process. Following is the appropriate information:

- --Six years of Major League Service continues to be required to be eligible for free agency.
- --The Re-Entry Draft has been abolished.
- --A player has 15 days from the first day following the World Series to file for free agency.
- --By December 1, former Club must offer to arbitrate or become eligible to sign player. By December 7, player must accept or reject the offer. Should the Club fail to tender or renew the contract, the player shall become a free agent without any restrictions or qualifications. The player will be eligible to sign with all Clubs including the Club which did not offer arbitration.
- --If Club and player proceed to arbitration, maximum salary cut rules do not apply.
- --Player who accepts former Club's offer to arbitrate is not subject to repeater rights limitations.

NIGHT GAME: A night game shall be any game with the official starting times fixed after 5 p.m. All games, with official starting times fixed for 5 p.m., prevailing time, or earlier, shall be "day games."

PLAYER LIMITS: A Major League roster consists of 40 players until Opening Day, when the number must be reduced to 25 until September 1, when it again becomes 40.

ITEMS OF INTEREST

REGULATION GAME: A regulation game consists of nine innings unless extended because of a tie score or

shortened because (1) the home team needs none of its half of the ninth or only part of it; or (2) because the umpire-in-chief calls the game after five completed innings. A regulation game may be less than five innings if the home team is ahead after the first of the fifth, or takes the lead or ties the score while at bat in the fifth.

TIE GAME: A regulation game that is called by the umpire-in-chief when both teams have the same number of runs is a tie game. Individual player performances are official and are entered in the records, but the game does not count in the League standings and may be re-scheduled at a later date.

SUSPENDED GAME RULE:

Rule 4.12 SUSPENDED GAMES

(a) A league shall adopt the following rules providing for completion at a future date of games terminated for any of the following reasons:

- (1) A curfew imposed by law;
- (2) A time limit permissible under league rules;
- (3) Light failure or malfunction of a mechanical field device under control of the home club.

(Mechanical field device shall include automatic tarpaulin or water removal equipment.);

- (4) Darkness because of any law, the lights may not be turned
- (5) Weather, if the game is called while an inning is in progress and before it is completed,
- and one of the following situations prevails:

 (i) The visiting team has scored one or more runs to tie the score, and the home team has not scored.
- (ii) The visiting team has scored one or more runs to take the lead, and the home team has not tied the score or retaken the lead
- (b) Such games shall be known as suspended games. No game called because of a curfew, weather, or a time limit shall be a suspended game unless it has progressed far enough to have been a regulation game under the provisions of Rule 4.10. A game called under the provisions of 4.12(a)(3) or (4) shall be a suspended game at any time after it starts

(c) By amending NOTE to read as follows:

NOTE: Weather and similar conditions--4.12(a) (1 through 5)--shall take precedence in determining whether a called game shall be a suspended game. A game can only be considered a suspended game if stopped for any of the five (5) reasons specified in Section (a). Any legal game called due to weather with the score tied (unless situation outlined in 4.12(a)(5)(i) prevails) is a tied game and must be replayed in its entirety.

- (d) A suspended game shall be resumed and completed as follows:
- (1) Immediately preceding the next scheduled single game between the two Clubs on the same grounds; or
- (2) Immediately preceding the next scheduled double-header between the two Clubs on the same grounds, if no single game remains on the schedule, or
- (3) If suspended on the last scheduled date between the two clubs in the city, transferred and played on the grounds of the opposing Club, if possible;
- (i) Immediately preceding the next scheduled single game, or
- (ii) Immediately preceding the next scheduled double-header, if no single game remains on the schedule.
- (4) If a suspended game has not been resumed and completed on the last date scheduled for the two Clubs, it shall be a called game.

(e) A suspended game shall be resumed at the exact point of suspension of the original game. The completion of a suspended game is a continuation of the original game. The lineup and batting order both teams shall be exactly the same as the lineup and batting order at the moment of suspension, subject to the rules governing substitution. Any player may be replaced by a player who had not been in the game prior to the suspension. No player removed before the suspension may be returned to the lineup. A player who was not with the Club when the game was suspended may be used as a substitute, even if he has taken the place of a player no longer with the Club who would not have been eligible because he had been removed from the lineup before the game was suspended.

SALARY ARBITRATION: Beginning in 1987, three years of Major League Service required for eligibility. Beginning in 1987, maximum cut rules do not apply if in immediately preceding year player won arbitration increase of more than 50%. Three-man panels will be scheduled to hear cases instead of single arbitrators in 50 percent of the cases in 1998, 75 percent in 1999 and 100 percent in 2000 and 2001. Beginning in 1987, arbitrator is officially instructed to give particular attention for purposes of comparison to salaries of players with Major League Service no more than one annual service group higher than player who is arbitrating. Beginning in 1991, a player with at least 2 but less than 3 years of Major League Service shall be eligible for salary arbitration if: a) he has accumulated at least 86 days of service during the immediately preceding season or b) he ranks in the top 17 percent in total service in the class of players who have at least 2 but less than 3 years of ML service, however accumulated, but with at least 86 days of service accumulated during the immediately preceding season.

SAVE RULE: Credit a pitcher with a save when he meets all three of the following conditions:

1) He is the finishing pitcher in a game won by his Club;

2) He is not the winning pitcher; and

3) He qualified under one of the following conditions: he enters the game with a lead of no more than three runs and pitches for at least one inning; or he enters that game, regardless of the count, with the potential tying run either on base, at bat or no deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces); or he pitches effectively for at least three innings.

TRADING REGULATIONS: The trading deadline is July 31. Trades may be made with any other Major League Club in the period from the end of the championship season through July 31 (4:00 p.m. ET) without waivers. Waivers are required, however:

- 1) If the assignment is to another Major League Club: From August 1 and ending at 5 p.m. ET the day after the end of the season.
- 2) If assignment is to a Minor League Club, with right of recall, at any time after three years from the date the player first reported to a Major League Club during a championship season.
- 3) If assigned to a Minor League Club without right of recall, after acquiring three years of service: at any time during the year.
- 4) If assigned to a Minor League Club, without right of recall, at any time prior to acquiring three years of service, special waivers are required between September 1 and the opening of the following season. If player is claimed, request may be withdrawn. If no claims are made, Club has 7-day period in which to make assignment to minor leagues.

WAIVER PERIOD: Major League waivers must be secured for all Major League trades from August 1 until the day after the regular season concludes. NO WAIVERS are required to trade a Major League player at any other time.

REPLAY REVIEW REGULATIONS

I. Overview

Video replay review in Major League Baseball (hereafter, "Replay Review") is designed to provide timely review of certain disputed calls in all Championship Season, All-Star and Post-Season games played in the 30 Major League ballparks (and, beginning in 2015, in any ballpark at which a Major League Championship Season game is played). A "call" as described in these Regulations means a judgment by one or more umpires or by the entire crew after conferring with one another (hereafter, the "Umpires") on a specific play, which may consist of an oral pronouncement or physical gesture (or may not, in the case of a "non-call"). Replay Review may be used to reverse or confirm the Umpires' call on the field subject to and in accordance with the terms and conditions described below. Subject to its obligations under its respective Basic Agreements and other agreements with the Major League Baseball Players Association and the World Umpires Association, the Office of the Commissioner reserves the right to rule on any point with respect to Replay Review that is not covered by these Regulations.

II. Challenging and Reviewing Calls Pursuant to Replay Review

A. Responsibilities.

Each Club's Manager is responsible for invoking challenges under the circumstances described in these Regulations. Crew Chiefs are responsible for determining whether a Manager Challenge is properly and timely made and, in accordance with Section II.C below, determining whether to review a potential home run call (as defined in Section V.A below) or determining another reviewable play or call on their own initiative. Moreover, prior to the initiation of a Replay Review, the Umpires may confer among themselves at any time and change any call (whether or not the call is reviewable) in accordance with Official Baseball Rule 8.02 (formerly Rule 9.02). If a reviewable call is changed in this fashion, the new call shall be subject to Replay Review as provided in these Regulations.

B. Manager Challenges.

1. Each Club will receive: (a) two (2) Manager Challenges to start each All-Star Game, postseason game and Divisional or Wild Card tie-breaker game; and (b) one (1) Manager Challenge to start every other game. A Manager may challenge as many reviewable calls within a single play as he desires using one challenge. If the Replay Official overturns any call challenged by a Club (even if he upholds other challenged calls), the Club retains its Manager Challenge. If the Replay Official does not overturn any of the calls challenged by a Club, the Club will lose its Manager Challenge. Once a Club has exhausted its available Manager Challenge(s), it will no longer have the ability to challenge any additional play or call in the game.

- 2. A Club's Manager is the only person authorized and permitted to request or initiate Replay Review on behalf of the Club during a game, unless the Manager cannot perform his Replay Review responsibilities due to injury, illness, ejection, removal or other legitimate reasons, in which case the coach designated to assume the Manager's responsibilities shall have the sole right to request or initiate Replay Review. As used in these Regulations, the term "Manager" refers to a Club's Field Manager or such other person who assumes his duties as described above.
- 3. Upon being prompted by the Umpire, a Manager must immediately inform the Umpire whether he wishes to use his Manager Challenge to invoke Replay Review. If, upon such prompting, the Manager does not immediately respond that he is using his Manager Challenge, then the Umpire shall revoke the Manager's right to challenge any call relating to that play, and the Club shall retain its Manager Challenge.

C. Crew Chief Reviews.

At any time during a game, a Crew Chief may, in his sole discretion, initiate a Replay Review of a potential home run call (as defined in Section V.A below). With respect to other reviewable calls, beginning in the seventh inning (unless permitted earlier in accordance with Section VI.C.2(b) below), a Crew Chief may, in his sole discretion, conduct Replay Review upon his own initiative or upon the request of a Manager who has no remaining Manager Challenges. These Replay Reviews are subject to the following:

- A Club that has exhausted its Manager Challenges may request but cannot insist that the Crew Chief invoke his right to initiate Replay Review.
- Except in the case of potential home run calls, the Crew Chief shall not initiate Replay Review of any play or call if the requesting Manager has a Manager Challenge remaining.

D. Timing of Manager Challenges and Crew Chief Reviews.

1. Except as otherwise set forth in Sections II.D.2, 3 and 5 below, to be timely, a Manager must exercise his challenge (by verbal communication and/or hand signal to an Umpire), or the Crew Chief must initiate Replay Review (if applicable pursuant to Section II.C above) before the commencement of the next play or pitch. Such challenge or request will be considered timely only if the Umpire acknowledges that communication within the time period specified above. For purposes of these Regulations, the next "play" shall commence when the pitcher is on the rubber preparing to start his delivery and the batter has entered the batter's box (unless the defensive team initiates an appeal play in which case any call made during the play prior to the appeal still may be subject to Replay Review). A challenge to a play that ends the game must be invoked immediately upon the conclusion of the play, and both Clubs shall remain in their dugouts until the Replay Official issues his decision. No substitutions or pitching changes may take place while the Umpires are in the process of invoking Replay Review.

2. In the case of a pitching change after the conclusion of a play but before the conclusion of the inning: (a) the defensive manager must exercise his challenge before signaling for a pitching change; and (b) the offensive Manager must exercise his challenge, or the Crew Chief (if applicable pursuant to Section II.C above) must initiate Replay Review, before the relief pitcher steps onto the warning track or, in the case on on-field bullpen areas, crosses the foul line. Notwithstanding the foregoing, the Crew Chief shall have the discretion to permit a challenge by the offensive Manager if the Crew Chief determines that the defensive Manager called for a relief pitcher in an accelerated fashion for the sole purpose of preventing the offensive Manager from having a reasonable opportunity to exercise his challenge. The Field Timing Coordinator shall inform the broadcasters that the mid-inning pitching change break for that game has commenced by starting the visible ballpark timer (see Section II.E below). If the Crew Chief exercises his discretion to permit a challenge by the offensive Manager during a mid-inning pitching change after the Field Timing Coordinator already has started the ballpark timer to commence a commercial break, the Field Timing Coordinator will inform the Crew Chief to delay announcing the results of Replay Review until after the normal inning break has elapsed.

3. In the case of a play that results in a third-out call, a Manager must immediately run onto the field to notify an Umpire that the Club is contemplating challenging the play (and in all circumstances must be on the field in less than ten (10) seconds from the Umpire's third-out call), and in such cases the Crew Chief shall hold the defensive players on the field. The Manager will have no more than thirty (30) seconds after entering the field to notify an Umpire that he

REPLAY REVIEW REGULATIONS

is invoking a challenge. In the case of a play that results in a third-out call and is subject to review at the discretion of the Crew Chief, the Crew Chief must either immediately initiate a Replay Review or signal for an Umpire conference to discuss the play while holding the defensive players on the field. If a Manager who is out of challenges desires to request that the Crew Chief review the play at his discretion, the Manager must immediately run on the field to make such a request.

4. If a Manager wishes to invoke a Manager Challenge with respect to a play or call that does not result in the third out of an inning, he may approach an Umpire on the field to do so, but is encouraged instead to indicate his desire to challenge the call verbally and/or by pointing to the headset technician from the top step of the dugout. It is always the Manager's responsibility to ensure that an Umpire (either verbally or with a reciprocal hand gesture) has acknowledged his request to initiate a Manager Challenge and to communicate the call being challenged with the required level of specificity (see Section II.1 below).

5. In the case of a play that results in a Crew Chief review, a Manager who seeks to exercise a challenge with respect to another call from that play which is not otherwise part of the Crew Chief review must invoke his challenge before the Crew Chief makes communication contact with the Replay Official.

6. If the Crew Chief determines that a Club's invocation of a Manager's Challenge is untimely, the play shall not be reviewed, the Umpire's call shall stand, and the Club shall not be charged with a challenge. The Crew Chief shall have the final authority to determine whether a Manager's Challenge is timely. The judgment of the Crew Chief regarding the timeliness of a Manager's Challenge shall be final and binding on both Clubs, and shall not be reviewable by Replay Review or otherwise.

E. Inning-Break Mechanics

1. MLB will hire and assign to each MLB game a Field Timing Coordinator. The Field Timing Coordinator shall be responsible for working with on-field personnel and broadcasters to manage breaks throughout the game by operating the visible ballpark timers that will be used to time inning breaks and pitching changes. The umpires on the field shall remain solely responsible for managing the game, including managing all inning breaks consistent with past practices, provided that they shall coordinate with the Field Timing Coordinators to ensure that the broadcasters shall be afforded the applicable allotted time for inning breaks following close plays involving third outs (whether or not replay review is initiated). No broadcaster should break for commercial until the Field Timing Coordinator starts the ballpark timer to commence the inning break. The broadcasters shall be afforded the applicable allotted time for all inning breaks for that game. The Field Timing Coordinator shall start the ballpark timer to commence the inning break as soon as he determines that the third-out call is not subject to challenge, except in the case of a special inning-break activity or event approved by the Commissioner's Office (e.g., "God Bless America") in which case the inning-break will commence at the conclusion of the activity or event. On routine outs, and calls not subject to Replay Review (e.g., strikeouts), the Field Timing Coordinator start the ballpark timer to commence the inning break immediately upon the third-out call. With respect to close plays involving third outs:

a) Upon observing: (a) the Manager run onto the field; (b) the Crew Chief invoke Replay Review; or (c) the Crew Chief signal to convene a crew conference, the Field Timing Coordinator will delay the commencement of the inning break until the Manager or Crew Chief decides whether to invoke Replay Review.

b) If a Replay Review is initiated after a third-out call, the broadcasters may not break for commercials until

the completion of the review (at the earliest). If the third-out call is reversed, play on the field will continue without a commercial break until the inning is completed. If the third-out call is upheld, the Field Timing Coordinator will notify the broadcasters, Umpires and on-field personnel that the normal inning break has commenced by starting the ballpark timer.

c) If broadcasters adhere to the requirements contained in these Regulations, but Replay Review is invoked during a commercial break, the Field Timing Coordinator will inform the broadcasters via his headset that Replay Review has been invoked, and also will inform the Crew Chief to delay announcing the results of Replay Review until after the normal inning break has elapsed. Under these circumstances, if the call on the field is upheld (meaning that the inning is over), normal inning break timings will not be kept; rather, players promptly shall change sides, the defense will engage in normal warm-up activities, and play will resume immediately upon the players and umpires being ready.

2. Broadcasters should cut to commercial upon the last out of the inning or during pitching changes only when the Field Timing Coordinator commences the break by starting the ballpark timer. For pitching change breaks, the Field Timing Coordinator will start the ballpark timer and commence the break when the relief pitcher steps onto the warning track or crosses the foul line after exiting the bullpen. If the Field Timing Coordinator starts the ballpark timer for an inning change prior to observing a pitching change, he shall restart the ballpark timer when the relief pitcher steps onto the warning track or crosses the foul line after exiting the bullpen.

F. Delay of Game.

 On-field personnel may not intentionally delay the game in order to provide their Club with additional time to challenge a play. In this regard, access to video in the clubhouse shall not be used by a Manager to delay an appropriate challenge. Moreover, following a close or controversial play, all on-field personnel are expected to promptly take their positions for the next play, and obey the directives of the Umpires.

2. If an Umpire believes that a Manager, coach or player is intentionally delaying the start of the next play in order to provide his Club with additional time to invoke a challenge, the Umpire may require the Manager to immediately make a decision on the challenge, and issue a warning to the Manager. After issuing a warning, the Crew Chief shall have the discretion to rescind a Club's challenge if the Club again intentionally delays the commencement of play. The Commissioner may impose off-field sanctions on Clubs that violate this provision.

G. Challenge of a Reviewable Play by Both Managers.

1. Both Managers may challenge different reviewable calls within the same reviewable play. These challenges may be in the form of a Manager's Challenge or a request for a Crew Chief review, to the extent available.

2. The Replay Official shall review all challenges properly initiated, and shall review the challenged calls in the order in which the calls occurred during the game. If the decision of the Replay Official on an earlier reviewable call renders moot a later reviewable call, the Replay Official shall not review the subsequent call. If a call challenged by a Club is not reviewed by the Replay Official by operation of the foregoing rule, that Manager's Challenge shall be deemed rescinded and the Club shall not be charged with the challenge.

3. If Manager Challenges by both Clubs are not invoked simultaneously, the second Club must invoke its challenge before the Crew Chief makes communication contact with the Replay Official; provided, however, that any Club adversely affected by a Replay

REPLAY REVIEW REGULATIONS

Official's decision to change a call has the right to use a Manager's Challenge or request that a Crew Chief review another reviewable call in the same play, provided that (a) the Manager of the adversely affected Club makes the Manager's Challenge or requests the Crew Chief review immediately after the announcement of the Replay Official's decision, (b) the change of the initial call affects the relevance of the subsequent call to the outcome of the play, and (c) the Club adversely affected by the change in the initial call had no incentive to seek Replay Review of the subsequent call until after the Replay Official reversed the initial call.

Example 1. With two outs and no one on base, the Umpires call a line drive hit to the outfield a trap, but calls the batter-runner out when trying to advance to second base. The defensive Club had nicentive to challenge the trap call because the batter-runner was called out at second base to end the inning. However, if the offensive Club challenges the tag call at second base, and the Replay Official overturns the call, the defensive Club will be afforded the opportunity to challenge or request review of the trap call in the outfield by informing the Crew Chief of the challenge or request immediately after learning of the Replay Official's decision.

Example 2. With one out and a runner on second, the batter hits a long fly ball to center field that is caught. The runner on second, who had rounded third base at the time of the catch, fails to retouch third base on his way back to second base. He is tagged out at second base. The defensive Club had no incentive to appeal or otherwise challenge the runner's failure to retouch third base because the runner was called out at second base to end the inning. However, if the offensive Club challenges the tag call at second base, and the Replay Official overturns the call, the defensive Club will be afforded the opportunity to challenge the runner's failure to retouch third base. Because that play is an appeal play within the meaning of the Official Baseball Rules, the defensive Club must first appeal the play. If the Umpire calls the runner safe at third on such appeal, the defensive Club then will be afforded the opportunity to challenge the appeal play by informing the Crew Chief of the challenge immediately after the safe call.

4. If any of the conditions set forth in Section II.G.3 above is met and an additional call within a single play is subject to its own subsequent Replay Review and the decision by the Replay Official renders irrelevant a Manager's Challenge previously used by the opposing Manager on that play, then the opposing Manager's previous challenge shall be deemed rescinded and the Club shall not be charged with such challenge.

Example. With two outs and a runner on first, the batter hits a fly ball the outfield that is ruled "no catch," and the runner is called "out" trying to reach third base, which results in the third out of the inning. The offensive Manager challenges the call at third base, and the Replay Official determines that the runner was safe. The defensive Manager then challenges the "no catch" call on the batted ball to the outfield, and the Replay Official overturns the call to a "catch," which results in the third out of the inning. The offensive Manager's challenge of the call on the runner at third base is irrelevant because the batter is out by virtue of the fly ball being caught in the outfield, and therefore such previous challenge on the play would be deemed rescinded.

H. Effect of Replay Review Result on Post-Play Decision by Manager.

If a call is overturned on Replay Review, any decision made by a Manager after the play and influenced by the incorrect call shall be nullified. Such Manager shall be permitted to reaffirm or change his strategic decision based on the result of the play as determined by the Replay Official.

Example 1. The defensive Manager signals for a pitching change after a play and, subsequently, the offensive Manager timely initiates a challenge or the Crew Chief initiates Replay Review. The Replay Review results in an overturned call. Any pitching change, or attempted pitching change, made by the defensive Manager shall be nullified unless reaffirmed by him after the Replay Official's decision is announced.

Example 2. With no outs and a runner on third base, the batter's bat hits the catcher's glove as he swings at a pitch and catcher's interference is called. On the swing, a fly ball is hit to left field and caught. The runner on third base tags up and scores on a close play at the plate. Pursuant to Official Baseball Rule 5.05(b)(3) (formerly Rule 6.08(c)), because of the catcher's interference, the offensive Manager may elect either the interference penalty (i.e., batter awarded first base and runner returns to third base) or the result of the play (i.e., batter is out and runner scores). The offensive Manager elects to accept the result of the play. The defensive Manager then challenges the call at home plate, and the Replay Official overturns the call and rules the runner out at home plate. Knowing the final result of the play as determined by the Replay Official, the offensive Manager's decision to accept the result of the play shall be nullified unless reaffirmed by him after the Replay Official's decision is announced.

I. Specificity of the Challenge.

When invoking a Manager's Challenge or otherwise requesting a Crew Chief review, it is the Manager's responsibility to ensure that the Umpire knows the specific calls for which he is seeking Replay Review, but the Manager need not state the reason for his belief that the call was incorrect. (For example, in order to challenge an "out" call on a force play at first base, the Manager need not state that the throw pulled the fielder off the bag, the runner reached first base before the ball was caught, etc.) Moreover, the Replay Official shall have no authority to review any calls other than those included in a Manager's Challenge or those accepted for review by the Crew Chief.

Example 1. A runner is called safe in a rundown because the Umpire rules that the fielder missed a tag. The defensive Club challenges the tag call with a Manager's Challenge. During Replay Review, the Replay Official confirms that the tag was missed, but observes that the runner who was called safe was passed by a preceding runner violation of Official Baseball Rule 5.09(b)(9) (formerly Rule 7.08(h)). The Replay Official cannot correct the Umpires' non-call regarding the passed runner because the Manager only challenged the tag call.

Example 2. With nobody on base, a batter-runner is called out on a close, but routine, force play at first base. It is sufficient for the Manager to communicate that he is challenging the call without any further specificity.

J. Communicating with the Replay Official and the Public.

1. The Crew Chief shall signal that a play is under Replay Review pursuant to a Manager's Challenge or Crew Chief discretion by pointing in the direction of the headset technician and walking toward him. The Crew Chief and another Umpire (either the calling Umpire or another Umpire if the Crew Chief is the calling umpire) shall move immediately towards the designated communication location where they will have access to headsets or other appropriate equipment to communicate with the Replay Official, the home public address announcer and the television broadcasters.

2. The Crew Chief shall communicate with the Replay Official (on a two-way line) regarding the calls subject to the Replay Review, and provide each other with any information as the Crew Chief or Replay Official may deem relevant to Replay Review. About the same time, the Umpire accompanying the Crew Chief also shall

CLUB HISTORY

REPLAY REVIEW REGULATIONS

communicate with the home Club's public address announcer (on a two-way line) regarding the calls subject to Replay Review simply for the purpose of identifying, in general terms, the call(s) under review. (The television broadcasters of the game will be able to listen to the communication between this Umpire and the public address announcer on a one-way line.) After speaking with the public address announcer, the Umpire accompanying the Crew Chief will be placed in direct communication with the Replay Official and the Crew Chief.

3. The Replay Official will review the calls subject to the Replay Review in accordance with these Regulations, and inform the Crew Chief of his decision either to change the call on the field, confirm the call on the field or let stand the call on the field due to the lack of clear and convincing evidence to change it. If a call is changed by Replay Review, the Replay Official also shall inform the Crew Chief of any placement of runners or such other actions as may be necessary in the Replay Official's judgment to place both Clubs in the same position that they would have been in had the changed call been correct in the first instance.

4. Upon receipt of the decision by the Replay Official, the Crew Chief will, by signal or otherwise, announce the Replay Official's decision to the Clubs, including the placement of runners or such other actions. (Prior to this time, it shall be permissible for the pitcher to throw warm-up pitches and for position players to engage in other warm-up activities.) If the Crew Chief believes that the decision of the Replay Official warrants it, the Crew Chief or other Umpire involved in the Replay Review may personally inform one or both Managers of the decision before play on the field is resumed. After the Replay Official communicates his decision to the Crew Chief, the BAM technician (with the advice and assistance of the Replay Official, if requested) shall communicate the Replay Official's decision to the home Club's public address announcer (on a two-way line), and television broadcasters of the game will be able to listen to such communication on a one-way line.

5. If there is specific video that allows a Replay Official to definitively conclude that the call should be overturned or confirmed (as opposed to letting the call stand in the absence of video that provides clear and convincing evidence to overturn it), the definitive video used by the Replay Official in making his decision will be sent to the ballpark (to be accessible by the television broadcasters and scoreboard operator). Otherwise, no further video from the challenged play may be shown at the ballpark after the Replay Review decision has been announced.

6. The Crew Chief may communicate with the Replay Official at any time during a game for purposes of: (a) record-keeping (i.e., to review the ball-strike count to a batter, the number of outs in an inning, and the score of the game); (b) determining whether a player or players properly were substituted for during a game pursuant to Official Baseball Rules 5.10(a), (d)-(j) and/or 5.04(a)(2) (formerly Rules 3.03, 3.04, 3.05, 3.08, and/or 4.04); (c) determining, after appeal, whether a batter fails to bat in his proper turn, and another batter completes a time at bat in his place, in violation of Official Baseball Rule 6.03(b) (formerly Rule 6.07); or (d) confirming that an Umpire's decision on the field was consistent with the Official Baseball Rules under circumstances in which the misapplication of the rule(s) being checked could result in a protest of the game pursuant to Official Baseball Rule 7.04 (formerly Rule 4.19). If the Crew Chief approaches the headset technician without pointing in his direction to signal the start of Replay Review, the Official Scorer may presume that Replay Review is not being sought, and instead that the Umpire is seeking a record-keeping, illegal substitution, batting out of order or rules check as set forth above. Any communication with the Replay Official pursuant to this paragraph shall be in the sole discretion of the Crew Chief. A Manager may not direct, require or argue with the

Crew Chief to communicate with the Replay Official for such purposes, and such conduct will subject the Manager to ejection from the game. Any communication regarding a video review of the facts underlying the Umpire's decision must be consistent with the limitations on challenges and reviewable calls consistent with these Regulations. Unless otherwise provided for by these Regulations, no Replay Review shall ever be permitted on judgment decisions by the Umpire.

K. Irrevocable and Final.

 Once a Manager informs an Umpire that he wishes to exercise a Manager's Challenge, it may not be rescinded. A Manager should not point to the headset technician unless he is sure that he wants to initiate a challenge.

2. The decision of the Replay Official to either uphold or change one or more calls subject to Replay Review, and any decisions as to the placement of runners or other necessary actions to be taken, shall be final and binding on both Clubs and is not subject to further review or revision

 Once Replay Review is initiated, no uniformed personnel from either Club shall be permitted to further argue the contested calls or the decision of the Replay Official. On-field personnel who violate this provision shall be ejected.

4. Official Baseball Rule 7.04 (formerly Rule 4.19) shall have no applicability to these Replay Regulations. No protest shall ever be permitted on judgment decisions by the Replay Official. Moreover, a violation of any rule or procedure set forth herein shall not constitute a basis for protesting a game.

5. In circumstances in which Replay Review is not available (e.g., the call is not reviewable, no Manager Challenge or Crew Chief review is available or, after the seventh inning, the Crew Chief has communicated that he has declined to nitiate Replay Review), if a manager, coach, or player makes reference to having observed a video replay that purportedly contradicts the call under dispute, such person is subject to immediate ejection from the game.

III. Standard for Changing a Call

To change a reviewable call, the Replay Official must determine that there is clear and convincing evidence to change the original call that was made on the field of play. In other words, the original decision of the Umpire shall stand unchanged unless the evidence obtained by the Replay Official leads him to definitively conclude that the call on the field was incorrect.

IV. Correcting an Incorrect Call

Consistent with Official Baseball Rule 8.02(c) (formerly Rule 9.02(c)), if Replay Review results in a change to a call that had been made on the field, the Replay Official, to the extent feasible, shall exercise his discretion to place both Clubs in the same position they would have been in had the call on the field been correct. This shall include placing runners where he thinks those runners would have been at the conclusion of the reviewed play if the reviewed call had been correctly made in the first instance, disregarding interference or obstruction that may have occurred on the play, failures of runners to tag up based upon the initial call on the field, runners passing other runners, missing bases, etc.

A. Placement of Runners.

 Replay Official's Responsibility. All decisions regarding the placement of base runners resulting from a call that is overturned pursuant to these Regulations shall be made by the Replay Official in accordance with the standard set forth in the Official Baseball Rules.

REPLAY REVIEW REGULATIONS

- 2. Book Awards & Discretion. Unless directed otherwise by the Official Baseball Rules (for example, Official Baseball Rules 5.05(a)(5)-(9), 5.06(b)(3)(C) Comment, and 5.06(b)(4)(F) (formerly Rules 6.09(d)-(h), 7.04(c) Comment, and 7.05(f)), respectively), the Replay Official shall place the base runners on the bases he believes they would have reached had the reviewed call been made correctly. (For example, Official Baseball Rule 6.01(e) Comment (formerly Rule 3.16 Comment) states: "Batter and runners shall be placed where in the umpire's judgment they would have been had the interference not occurred." Rule 6.01(h)(1) (formerly Rule 7.06(a)) states: "[A]II runners shall advance, without liability to be put out, to the bases they would have reached, in the umpire's judgment, if there had been no obstruction.") Any doubt regarding the placement of runners should be resolved in favor of the last base legally touched at the time of the challenged call. More than one base should not be awarded unless it is obvious to the Replay Official that a runner would have safely advanced beyond one base had the call been made correctly, or the Official Baseball Rules otherwise require such advancement.
- **3. Factors to Consider.** The Replay Official should consider several factors when placing the runners, including: (a) the depth of fly balls; (b) the speed of runners; (c) the location of runners on the field when the play occurred; (d) the number of outs at the time of the play; and (e) whether the incorrect call affected the subsequent behavior or conduct of the offensive or defensive players.
- 4. Subsequent Calls and Outs. If the Replay Official determines that an incorrect call on the field had no effect on the subsequent behavior or conduct of the offensive or defensive players, the Replay Official shall change the incorrect call but let stand the on-field calls made on the runner(s) unaffected by the incorrect call. No runner may be declared out by the Replay Official if no play was attempted on, or call made regarding, that runner (e.g., umpire cannot assume that a fielder would have thrown a runner out).
- **5. Scoring.** The Replay Official shall determine whether base runners would have scored had the call been made correctly, and award or nullify runs scored by a Club where appropriate.
- 6. Final and Binding. The decision of the Replay Official regarding the placement of runners, or runners being declared out, shall be final and binding on both Clubs. On-field personnel shall be ejected if they argue or otherwise challenge the placement of runners.

V. Reviewable Calls

The only calls eligible for Replay Review are set forth in this Section V. Calls not identified below may not be reviewed at any time, but nothing contained herein shall limit the Umpires in their ability to convene the crew on the field to further discuss any play consistent with Official Baseball Rule 8.02 (formerly Rule 9.02). (Attached to these Regulations is a non-exhaustive list of calls that are not subject to video replay review).

If a Manager challenges a call that is not eligible for review, the Crew Chief will inform him that the call is not reviewable, and the Club shall not be charged with a challenge. To the extent the Crew Chief is unsure of whether a call challenged by a Manager is eligible for review, he may consult with the Replay Official prior to making the determination. If either the Club or Crew Chief invokes Replay Review of a call that the Replay Official determines is not subject to Replay Review, he will inform the Crew Chief that the play is not reviewable and the Club will not be charged with a challenge. To the extent that the Official Baseball Rules require the defensive Club to appeal a play eligible for replay review (e.g., a runner missing a base), Replay Review may not be initiated until the Umpires rule on the appeal.

- **A. Potential Home Run Calls.** The Umpires' decision to call or not call a home run may be reviewed if there is a question as to whether the ball left the playing field or struck an object; whether the ball struck the top of a fence, hit a railing or otherwise stayed within the field of play; whether the ball was interfered with by a fan reaching over the fence; or whether the ball was fair or foul.
- **B. Non-Home Run Boundary Calls.** Calls involving a decision regarding whether a live ball (1) bounces out of the field of play; (2) strikes the top of a fence or hits a railing or other obstacle in the ballpark; (3) is interfered with by a fan reaching over the fence; (4) is successfully caught by a fielder proximate to a stadium boundary (e.g., while falling into the stands); or (5) leaves the field of play and becomes a dead ball.
- **C. Specified Fair/Foul Ball Calls.** Calls involving a decision regarding whether a batted ball was "A FOUL BALL," within the meaning of the Official Baseball Rule's Definition of Terms (formerly Rule 2.00) but only with respect to balls that first land at or beyond the set positions of the first or third base Umpire. (In the case of a three-man crew, the home plate Umpire has the discretion to determine where the first or third base Umpire would have been set for the purpose of determining whether a fair/foul ball call is reviewable.) Line drives fielded by a defensive player in the infield and balls that first land in front of the set positions of the first or third base Umpire shall not be subject to review. The Umpire shall determine whether a purported foul ball landed in front of his position and thus is not subject to review. Such a determination by the Umpire is not reviewable.
- D. Force/Tag Play Calls. Calls involving a defensive player's attempt to put out a runner or batter-runner by tagging the runner or batter-runner or touching a base, and/or whether or not the runner acquired the base. When reviewing such calls, the Replay Official shall determine that a fielder has caught the ball, consistent with the Official Baseball Rule's Definition of Terms (formerly Rule 2.00), at the point in time that the ball touches the fielder's hand or glove (so long as the fielder maintains possession of the ball from the point of contact and thereafter)

Notwithstanding the foregoing, the following calls will not be subject to review:

- 1. The Umpire's judgment that a runner is clearly out on a force play at second base under circumstances in which the defensive player may or may not have touched second base in his attempt to complete a double play and avoid a collision with the runner. All other elements of the call shall be subject to review, including whether the fielder caught the ball, had control of the ball, was drawn off the bag, or tagged the runner. In this regard, a determination as to whether the fielder made a catch before dropping the ball while in the act of making a throw following the catch shall be reviewable.
- 2. The Umpire's judgment on whether a base runner rounded first base in an attempt to advance to second base.
- The Umpire's judgment on whether a base runner abandoned his effort to advance in accordance with Official Baseball Rule 5.09(b)(2) (formerly Rule 7.08(a)(2)).

E. Catch Plays In The Outfield.

An Umpire's decision whether a fielder caught a fly ball or line drive in flight in the outfield before it hit the ground (or an object other than the fielder.) See Official Baseball Rule Definition of Terms (formerly Rule 2.00) of "A CATCH"; and "IN FLIGHT".) Fly balls or line drives fielded by a defensive player in the infield shall not be eligible for review. Any outfielder who stations himself in the infield on the play shall be considered an infielder for the purpose of this Regulation. A fly ball (but not a line drive) touched by an infielder (other than the

CLUB HISTORY

2018 OPPONENTS

REPLAY REVIEW REGULATIONS

pitcher or catcher) in an area behind the original positioning of the nearest infielder (other than the pitcher or catcher) shall be considered a fly ball or line drive in the outfield subject to review. The Umpire shall determine whether a call is reviewable under this provision. Such a determination by the Umpire is not reviewable.

F. Base Running.

The following base running calls are reviewable:

- 1. Calls involving whether a base runner passes a preceding runner before such runner is out in violation of Rule 5.09(b)(9) (formerly Rule 7.08(h));
- 2. Determinations of whether a base runner scored ahead of a third out (see Rule 5.08(a) (formerly Rule 4.09(a))); and
- 3. Upon an appropriate appeal by the defensive Club, whether a base runner touched a base (see Rule 5.09(c)(2) and Comment (formerly Rule 7.10(b) and Comment)). [NOTE: In circumstances in which the Replay Official is reviewing whether a runner re-touched a base, the Replay Official also shall review whether the runner's re-touching of the base was necessary.]

Notwithstanding anything to the contrary in this Section F or elsewhere in these Regulations, in accordance with Official Baseball Rule 8.02(c) (formerly Rule 9.02(c)), when reviewing a play at home plate, if the Replay Official determines both that the runner did not touch home plate and that the fielder did not tag the runner (or, in the case of a force play, did not touch home plate), the Replay Official shall rule the runner "safe" at home plate unless the defensive Manager appeals the failure of the runner to touch home plate prior to the Crew Chief making contact with the Replay Official.

Example. A runner attempts to score on a play at the plate. The catcher misses the tag on the runner, and the runner fails to touch home plate, but the umpire calls a tag and the runner "out." The offensive manager challenges the call, and the Replay Official determines that the catcher missed the tag. The Replay Official shall disregard the failure of the runner to touch home plate, declare the runner "safe" and score the run.

G. Hit By Pitch.

Those plays for which there is a possibility that a pitched ball touches a batter, or his clothing. See, e.g., Rules 5.06(c) and 5.05(b) (2) (formerly Rules 5.09(a) and 6.08(b), respectively). Any doubt as to whether a pitched ball hit the bat (as opposed to the batter or his clothing) should be resolved by the Home Plate Umpire at that moment as hitting the bat and not the batter, and the Umpire should declare a fair or foul ball under the circumstances. Notwithstanding the foregoing, whether the ball was in the strike zone when it touched the batter, and whether the batter made any attempt to avoid being touched by the ball, shall not be reviewable. See Rule 5.05(b)(2) (formerly Rule 6.08(b)).

Example 1. A pitch strikes the batter, but the Umpire erroneously rules that the pitch struck the bat instead and rules "foul ball." The Manager on offense appropriately invokes replay and the Replay Official reverses the call. The Crew Chief shall declare the ball dead at the moment it struck the batter and rule accordingly.

Example 2. A pitch strikes the bat, but the Umpire erroneously rules "hit batter – dead ball." The Manager on defense appropriately invokes replay and the Replay Official reverses the call. If the ball lands foul, the Replay Official shall call the ball "foul." If the ball lands fair, the Replay Official may take into consideration whether

the defensive team attempts to retire the batter-runner, whether the batter-runner attempts to take a base, the batter-runner's attempt to deceive the defensive team and the Umpires on the field, and other relevant factors, in placing the batter-runner, calling him out (consistent with Section IV.A.4 above), or calling the ball "foul" (if a "foul ball" ruling would result in a third strike, the pitch would be replayed).

H. Collisions At Home Plate.

An Umpire's decision to call or not call a violation of Official Baseball Rule 6.01(i) (formerly Rule 7.13).

Example 1. A runner collides with a catcher and touches home plate on a close play at home plate, but the home plate Umpire calls the runner out for having violated Official Baseball Rule 6.01(i). The Crew Chief exercises his discretion to initiate a Replay Review. If the Replay Official overturns the call that Rule 6.01(i) was violated, then he also shall determine whether the runner was tagged out before touching home plate.

Example 2. A runner collides with a catcher and is called safe at home plate. The Manager on defense requests that the Crew Chief initiate Replay Review in order to determine whether the runner should have been ruled out for violating Official Baseball Rule 6.01(i), and the Crew Chief declines to do so. The Manager on defense shall be permitted to exercise an available challenge regarding the call as to whether the runner was tagged out before touching home plate.

NOTE: Whenever Replay Review of a call involving the application of Official Baseball Rule 6.01(i) is initiated, the Replay Official also shall review any other reviewable call on the runner at home plate on that play (e.g., whether the runner was tagged out at home plate even if Rule 6.01(i) was not violated).

I. Tag-Ups.

An Umpire's decision whether a runner failed to retouch his base after a fair or foul ball is legally caught before he, or his base, is tagged by a fielder. See Official Baseball Rule 5.09(b)(5) (formerly Rule 7.08(d)).

Regulations are as of February 25, 2016 and are subject to change by Major League Baseball.

The Miami Marlins enter their 16th Spring Training at Jupiter's Roger Dean Chevrolet Stadium, approximately one and a half hours north of the Club's regular season home of Marlins Park. The complex is located on approximately 110 acres within the Abacoa Community. Abacoa is located on Donald Ross Road, approximately 1/4 mile east of Interstate 95. The Marlins share the Palm Beach County facility with the St. Louis Cardinals, one of only two multiple-team Spring Training sites in the

Roger Dean Chevrolet Stadium was named the Professional Baseball Field of the Year by the Sports Turf Managers Association in 2011.

In 2003, Baseball America recognized Roger Dean Chevrolet Stadium as baseball's fifth-best spring training facility.

The Marlins begin their 26th Spring Training on Friday, February 23, when they open

their Grapefruit League slate as host to the St. Louis Cardinals, the first of seven

games between the cohabitants. Miami will play 18 total games at the Dean, including a 7:05 p.m. contest against the Washington Nationals on March 23. The Marlins spent their inaugural Spring Training at the Cocoa Expo Center in Cocoa Beach and played nine years (1994-2002) at Space Coast Stadium in Viera (Melbourne).

The \$28 million state-of-the-art complex opened on February 28, 1998 and accommodates 6,839 fans with luxury suite seats, reserved box seats, bleachers and bullpen seating area in right field. The facility has undergone a series of upgrades in recent seasons, beginning with a new high-definition video board in 2012, reconfigured seats and new sound system in 2015, the addition of the Bullpen Club in 2016 and shade panels installed prior to the 2017 Spring season. Fans will have the opportunity to sit in the Bullpen Club, a 135-seat area that includes table-top seating for a community feel next to the visitor's bullpen. The six air-conditioned luxury suites provide 320 square feet of interior entertainment, including a wet bar, refrigerator, sink, ice maker, color television with DVD, sofa, bar stools and additional seats. Each suite has seating for 12 (outdoors) and is available with a private entrance and elevator access. Prior to the 2018 Spring Training season, all suites at Roger Dean Chevrolet Stadium underwent a modernization by local design company V-Starr.

Following Spring Training, the complex is the home of the Single-A Jupiter Hammerheads (Miami affiliate) and the Palm Beach Cardinals (St. Louis affiliate) of the Florida State League.

Offices for the Marlins Communications Department and the media workroom are located in the Marlins executive offices, beyond the left field wall at Roger Dean Chevrolet Stadium. The Press Dining area is located in the main press box area. Admission to all Marlins Spring Training games requires either a Major League Baseball Spring Training credential, a BBWAA card, or a Marlins season or daily Spring Training credential.
